## **FLOCKART Julie**

I have lived, worked and enjoyed life in the region for over 39 years; assisted my husband on our family farm, educated our 3 children locally, ran a business in the CBD for over 10 years, worked as a business advisor, and am presently a partner in a Merredin accommodation business and water drilling business.

I am currently a councillor, and have served tirelessly as Shire President over the past 2 years.

My aim is to promote and enhance the character and pride of Merredin; whilst improving road infrastructure, services and amenities.

I will continue to advocate for a culture of community engagement and effective communication.

I care deeply about the future of family and community; which is why I continue to hold numerous volunteer positions on local committees.

I remain fully committed.
