SIMMONDS, Megan

I am married with 4 children and 2 older stepchildren, all which have flown the nest.

I have been in Merredin since 1974.

My husband John is the Pool Manager in Merredin and that's where I can be seen from November to March. We run the kiosk as small business but is a service we provide. I conduct swimming lessons every summer.

I previously held a position on Council in 2000-01 in which I worked hard on the 11 committees I was involved in.

Having lived in Merredin for a long time I am familiar with farming & small businesses. I am therefore keen to promote steady and careful growth in our community and to promote the principles and aims of the new local government legislation.

I believe as a councillor I will represent the entire community be it rural or town to the best of my ability.
