My family has been farming in Merredin for four generations, and I am proud to call this community home.

I am also employed as a Senior Project Officer with the Department of Housing and Works.

I am deeply committed to Merredin and have been involved in many aspects of community life. From involvement in P&Cs, sporting clubs, aged care, St John Ambulance, and a Councillor, I have gained a broad understanding of the needs, aspirations, and priorities of our community.

During my three years as a Councillor and one year as Shire President, I have worked closely with Council and the community to achieve positive outcomes.

It has been an honour to represent you, and I would welcome the opportunity to continue building on this progress. If re-elected, I will remain focused on listening to the community, strengthening local opportunities, and ensuring Merredin remains a great place to live, work, play, and retire.
