I was born and educated in Merredin and have always considered this community my home. My working life has spanned more than 35 years in rural agriculture across country WA, along with 10 years as the owner of a small post office in Perth. Three and a half years ago my wife Toni and I returned to Merredin, where we now run a local handyman business and Merredin Flowers and Gifts.

I have been actively involved in community sport, playing and serving on committees for football, basketball, golf and bowls and I currently serve as Club Captain of the Merredin Civic Bowls Club

I am passionate about Merredin's future and believe in supporting local families, businesses and sporting groups while encouraging growth and opportunity. My focus is on housing, attracting businesses, healthcare, sport and making Merredin a town we are all proud to call home.
