Background

The Shire of Merredin has received an application for planning approval for Lot 367 (No 52) Mitchell Street, Merredin. An initial application was received and presented to Council on 20th August 2019.

Previous Development Approval

In August 2019, Council approved alterations and extensions to this property involving a workshop and a 12m water tank. The proposed workshop building was 1,344m², measuring 24m by 55.7m with a zero setback on the western boundary. A second storey office over the existing workshop was also approved measuring 5.8m x 15.8m. The Development Application (DA) was granted subject to;

1. The provision of a marked ACROD parking bay;
2. 3m landscaping strip on Mitchell Street; and
3. Compliance with the Shire's fire break provisions.

Eight Notes were added dealing with (abbreviated); 2-year approval, DA not part of building permit, compliance with DFES requirements, occupancy permit required, no development on effluent system, trade waste to comply with DWER requirements and appeal rights.

Comment

Introduction

Mr Simon O'Hara from Statewest Planning (on behalf of McIntosh Holdings Pty Ltd) has applied for Development Approval (DA) for a revised development on Lot 367 (52) Mitchell Street, Merredin. The proposed development consists of a dome structure of nearly 730m² at the rear of the existing premises. The development is to be used for a showroom, sales and service area for the existing dealership group that specialises in agricultural and construction machinery.

The land is zoned 'Light Industry' in the *Shire of Merredin Local Planning Scheme No 6*(the Scheme). A location plan is shown in Figure 1. The figure is an extract from the Scheme showing the subject land coloured purple denoting a Light Industry Zone.

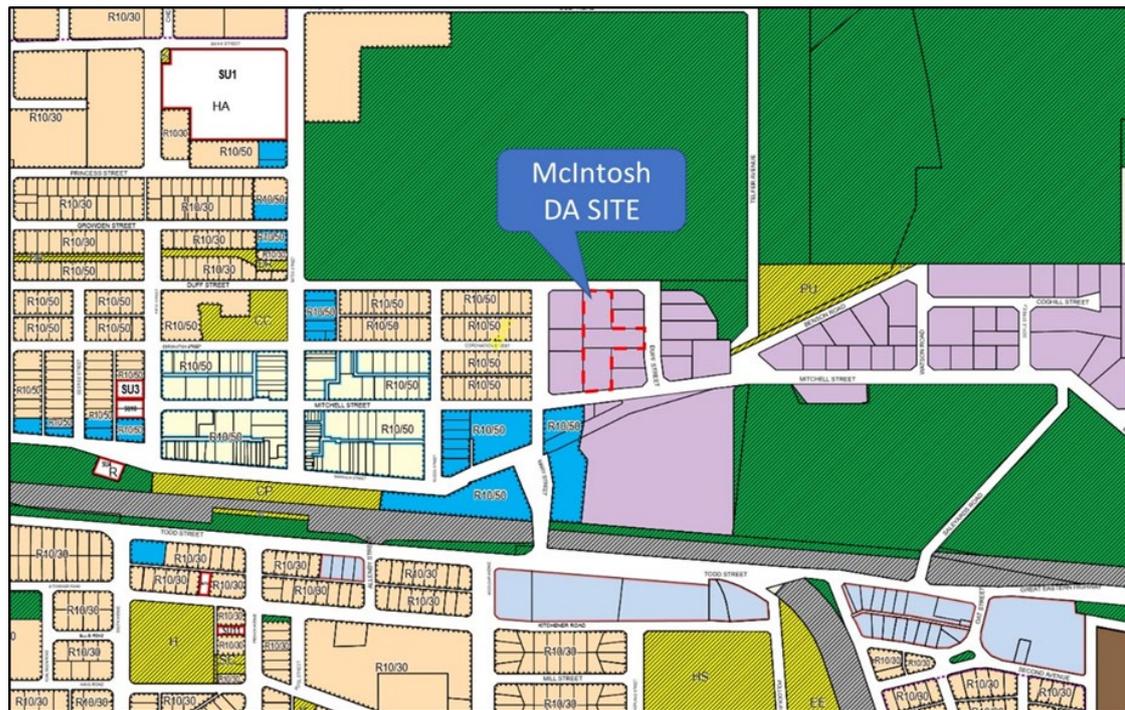

The application fee has been paid and the DA complies with the Shire's checklist.

Existing land use

The existing development consists of two major buildings on a levelled and cleared yard. The yard is used for the storage and display of farm related vehicles and equipment. The site measure 1.2759 hectares and has three road frontages including Mitchell Street and two frontages to Duff Road. The principle access to the site is via Mitchell Street.

Figure 2 provides an aerial photograph of the site area. The land was previously composed of three separate lots (as shown in Figure 1) but is now a single property.

FIGURE 2 – AERIAL PHOTOGRAPH

Proposed Development

The applicant has stated in the Development Application that McIntosh & Son is seeking to meet demand and secure their future in Merredin. A previous DA was granted approval in August 2019 CMRef 82409, however this extension, when costed, proved to be excessively expensive.

The current DA seeks approval for a dome structure to accommodate the necessary additional space as a transitional arrangement whilst an alternative long-term option is developed.

Development

The dome structure will be constructed using sea containers on each side with a material 'dome' across the top. At approximately 24m x 30m it will be approximately 730m² and stand 9.7m high.

Setbacks

The Scheme requires a 7.5m front setback and the same at the rear. Side setbacks can be nil (subject to compliance with the BCA), however the proposed structure is setback from the western boundary 8.065m. The existing 29m front setback will not change and the rear setback will effectively be towards the northern Duff Street frontage (both over 100m), and the other side setback to the eastern Duff Street (70m).

Use Class

The proposed use is consistent with the 'Industry – Service' use class as defined in the Scheme. This use class is a permitted (P) use in the Light Industry Zone.

Parking

As with the previous DA, the site accommodates 12 staff, requiring the provision of 6 car parking bays on site. The lot has ample space available for car parking on site.

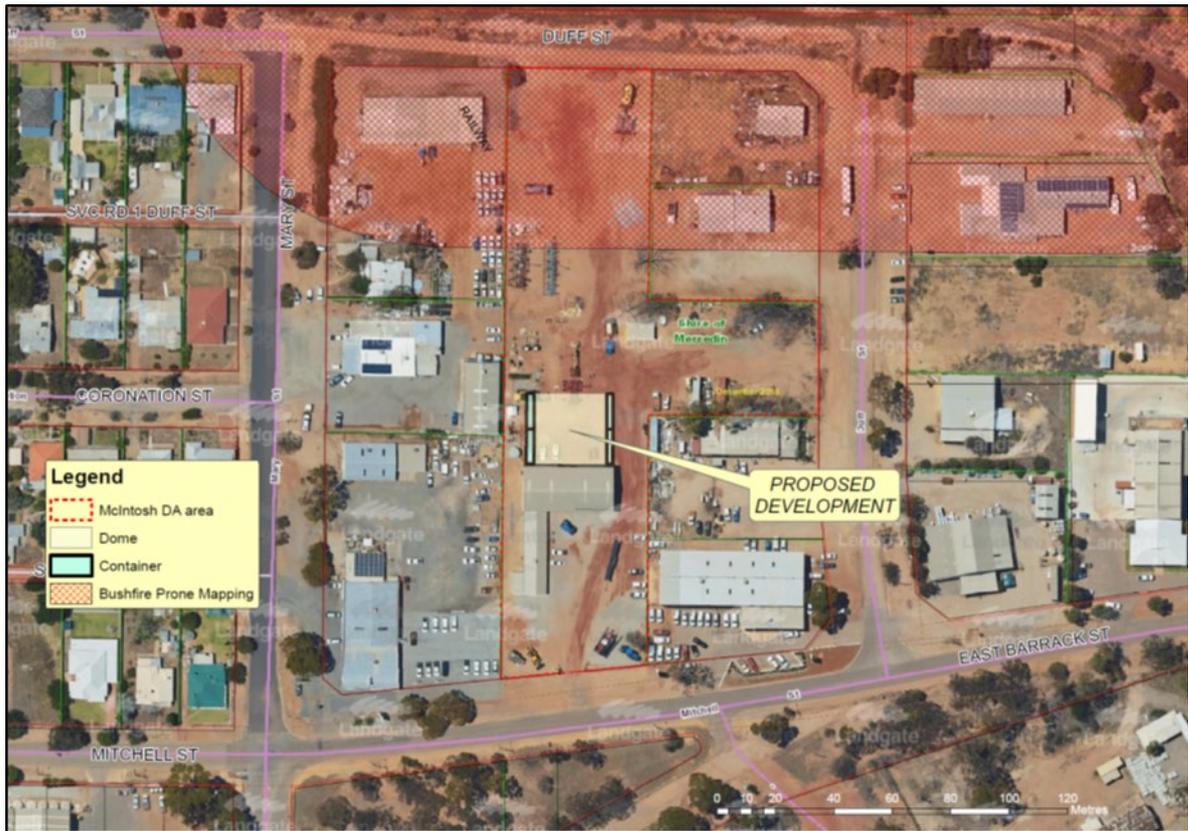

Landscaping

The DA proposes a 3m wide landscaping strip to the Mitchell Street frontage and is consistent with the Council's previous approval. The Scheme's development provisions require 10% of the site to be landscaped, however Clause 4.5 of the Scheme provides the Council with the discretion to vary this requirement.

Bushfire Prone Mapping

The northern portion of the subject land is in a bushfire prone area, as shown in **Figure 3**. The BAL report submitted with the DA was prepared for the previous DA and confirms that the required vegetation separation distances. As calculated in the initial BAL Contour Map report for the bush fire attack level (Low), has been achieved. Ongoing BAL compliance can be managed via meeting the Shire of Merredin Bush Fire Notice requirements. **Figure 3** shows the proposed development being clear of the extent of the Bushfire Prone mapping.

FIGURE 3 – BUSHFIRE PRONE MAPPING

Source: Planwest, DFES, Landgate

Conclusion

The DA proposal complies with the Scheme provisions for setbacks, parking, Bushfire Attack Level (BAL), and landscaping - with the Council’s discretion to vary requirements. The proposal is, in principle, very similar to the previous application and there is no reason to alter the previous approval conditions and advice notes.

The Council has a Local Planning Policy (LPP) that does not allow the use of containers in a townsite; however the policy accepts that these may be used in industrial areas without loss of amenity.

The Council also has a Policy 8.21 - Placement of Sea Containers on land within the Shire of Merredin. This Policy also allows containers to be used in General Industry and Light Industry areas, however an Engineer’s statement of Structural Sufficiency must be provided with the DA to ensure that the structure remains stable.

This has been added as a condition of the determination.

Policy Implications

Policy 8.21 – Placement of Sea Containers on land within the Shire of Merredin supports this application.

Local Planning Policy No 1 – Moveable Buildings.

Statutory Implications

Compliance with the *Shire of Merredin Local Planning Scheme No 6* and compliance with *Planning and Development (Local Planning Schemes) Regulations 2015*.

The Council's Local Planning Strategy designates that area for light industrial activities.

Officer's Recommendation

That Council:

1. Approves the Development Approval for Lot 367 (No 52) Mitchell Street, Merredin as contained in attachment 12.1A received on 6 December 2019, subject to the following conditions and advice notes:

Conditions:

1. The provision of a dedicated vehicle parking bay for people with a disability in accordance with the Building Code Australia (BCA) access requirements that is provided with signage, permanent surface and appropriate markings;
2. Provision of a 3-metre wide landscaped strip to the boundary fronting Mitchell Street;
3. Compliance with provisions of the Shire of Merredin Fire Break Order/Notice; and
4. The submission of an Engineer's Statement of Structural Sufficiency for the design of the dome and sea containers to the satisfaction of the local government.

Advice Notes:

1. This approval supersedes the Development Approval issued by the local government on 26 August 2019;
2. If the development, the subject of this approval, is not substantially commenced within a period of 24 months from the date of the approval, the approval will lapse and be of no further effect. For the purposes of this condition, the term "substantially commenced" has the meaning given to it in the *Planning and Development (Local Planning Schemes) Regulations 2015* as amended from time to time;
3. Where an approval has so lapsed, no development shall be carried out without the further approval of the local government having first being sought and obtained;
4. The granting of this approval does not constitute a building permit and that an application for a building permit must be submitted to the Shire of Merredin and be approved before any work can commence on site;
5. The application for a Building Permit must incorporate comments from the DFES Commissioner;
6. The completed building will not be able to be occupied until such time as the Shire of Merredin has issued an occupancy permit for use of the building;

- 7. The proposed building must not encroach upon any existing on-site effluent disposal systems;**
- 8. Any trade waste generated in the workshop must be disposed of in accordance with requirements specified by the Department of Water and Environment Regulation; and**
- 9. If an applicant is aggrieved by this determination, there is a right of review by the State Administrative Tribunal in accordance with Part 14 of the *Planning and Development Act 2005*.**

Risk Implications

The Financial Activity report is presented monthly and provides a retrospective picture of the activities at the Shire. Contained within the report is information pertaining to the financial cost and delivery of strategic initiatives and key projects.

In order to mitigate the risk of budget over-runs or non-delivery of projects, the Chief Executive Officer has implemented internal control measures such as regular Council and management reporting and a quarterly process to monitor financial performance against budget estimates. Materiality reporting thresholds have been established at half the adopted Council levels, which equate to \$10,000 for operating budget line items and \$10,000 for capital items, to alert management prior to there being irreversible impacts.

It should also be noted that there is an inherent level of risk of misrepresentation of the financials through either human error or potential fraud. The establishment of control measures through a series of efficient systems, policies and procedures, which fall under the responsibility of the CEO as laid out in the *Local Government (Financial Management Regulations) 1996* regulation 5, seek to mitigate the possibility of this occurring. These controls are set in place to provide daily, weekly and monthly checks to ensure that the integrity of the data provided is reasonably assured

Financial Implications

The adoption of the Monthly Financial Report is retrospective. Accordingly, the financial implications associated with adopting the report are nil.

Regular review of the Shire's Policies is required to ensure their continued relevance and applicability. The review uses a range of methods to establish whether a policy works in practice and to determine the merit, or value of any improvements which could be made.

Comment

Due to the recent 2019 Elections, this policy required to be reviewed to be align with best practice.

The Corporate Apparel required to be reviewed due to the additions of the Business Shirts and the Shire Polo apparel that has previously been issued to Councillors. It was therefore required to update the current Policy 1.16 – Corporate Apparel to include these items as part of the policy.

Executive Decision

Background

During a Wheatbelt forum Aged Care was discussed and as a result eleven (11) Local Governments, Wheatbelt Development Commission and Regional Development Australia agreed to form an alliance with the view to provide a needs study and solutions to the issues surrounding Aged Care within the Central Wheatbelt with each Council contributing \$5,000 to undertake this work.

Out of this alliance a report was compiled to identify solutions for the gaps and issues pertaining to the region being the Central East Aged Care Regional Solutions as listed below;

Central East Aged Care Regional Solution/s (CEACRS)

(Developed by Wheatbelt Development Commission)

Aged Care was identified as a regional priority for Local Governments in a series of Wheatbelt forums for the development of the Towards a Wheatbelt Infrastructure Plan (2010/11/12). As a result of the regional forums, the Wheatbelt Development Commission (WDC) has been working closely with Regional Development Australia: Wheatbelt (RDAW), and 11 Wheatbelt Local Governments who committed to working towards improving aged care services, infrastructure and governance structures in their respective areas.

The 11 LGAs, the WDC and RDAW formed an alliance in February 2012 known as the Central East Aged Care Alliance, to address the issues affecting Aged Care in the Central Eastern Wheatbelt. Recognising the importance of undertaking this planning from a community perspective, each LGA invested \$5,000 towards the

project. This was supplemented by cash and in kind support from WDC and in kind support from RDAW.

In March 2012, RDAW advertised a tender to employ a consultant to undertake the Central East Aged Care Regional Solution/s (CEACRS) project. Melbourne based consulting firm Verso was awarded the tender and commenced work on the project in April 2012.

Who's involved in the Central East Aged Care Alliance (CEACA)?

The CEACA is a partnership between the 11 LGAs which consist of the Shires of Bruce Rock, Kellerberrin, Koorda, Merredin, Mount Marshall, Mukinbudin, Nungarin, Yilgarn, Trayning, Westonia, Wyalkatchem, the WDC and RDAW.

After the scope of the project had been finalised by the CEACA, it was agreed that several other key stakeholders should be invited to attend future meetings as observers. These included:

- Southern Inland Health Initiative - Tim Shackleton – Community Engagement Officer
- Medicare Local - Michelle McClure – Wheatbelt Area Manager
- Western Australia Country Health Services Wheatbelt - Caroline Langston – Regional Director.

The Process

The Wheatbelt Central East Aged Care Regional Solution/s (CEACRS) has been a proactive process that aimed to:

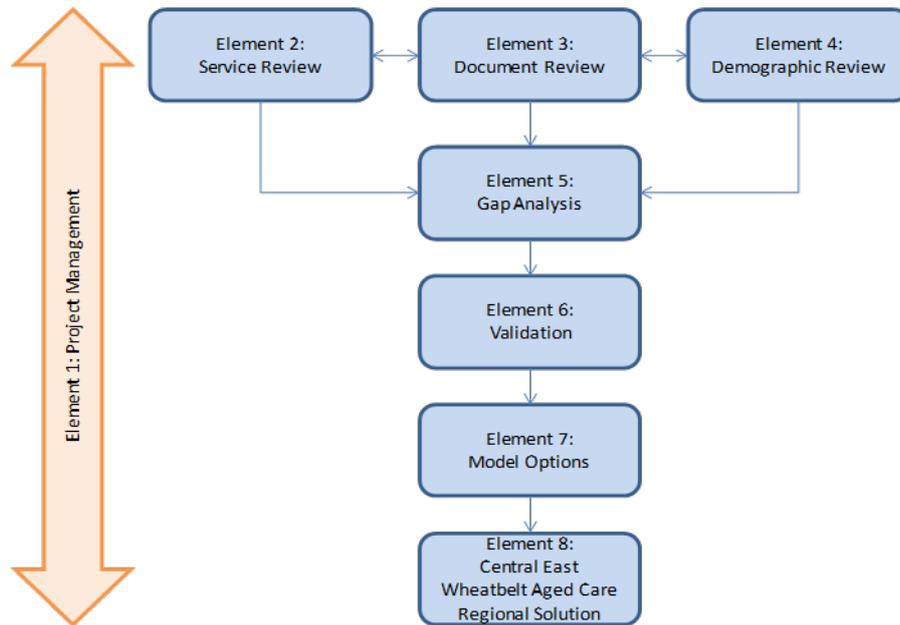

1. Identify aged care service, accommodation and governance models for a highly disbursed regional/rural population setting;
2. Build on the assets that exist in communities;
3. Provide solutions that guide sound investment in SIHI, especially Stream 2b Primary Health Care Program, Stream 3 – Primary Health Demonstration Site Program, and Stream 6 – Residential Aged and Dementia Investment Program
4. Identify services that enable locals to age 'in place' as outlined in the new National Aged Care Package Reform.

The Alliance adopted eight guiding principles for the CEACRS:

- o Principal 1 - The Importance of Place
 - o Principal 2 - Community Life
 - o Principal 3 - Community sense of ownership
 - o Principal 4 - Focus on the Person
 - o Principal 5 – Choice
 - o Principal 6 - Equitable access
 - o Principal 7 - Practicality
 - o Principal 8 - Viability
-

These principals were a key focus while developing the CEACRS and undertaking the following elements of the project:

Figure 1:

The planning process has heavily involved each community with sharing of existing local publications and documentation as well as clarification of desktop analysis compared to actual service delivery. A total of 14 community consultations were conducted across the 11 LGA's involved in the CEACA, involving nearly 200 participants.

Forming part of the gap analysis and validation elements of the project, the community consultations provided the opportunity to validate Verso's statistical findings at a ground level. Members of the community, health and aged care providers as well as Shire representatives were invited to attend the sessions.

With the completion of elements 2-6 each LGA has been provided with a Needs Study report specific to their individual Shire as well as a Central East Needs Study for the sub region. The Needs Studies include demographic characteristics of the CEACA LGAs, the emerging policy context, the findings from community forums and consultations, aged care services levels, planning & analysis of aged care levels and aged care solutions from literature collected.

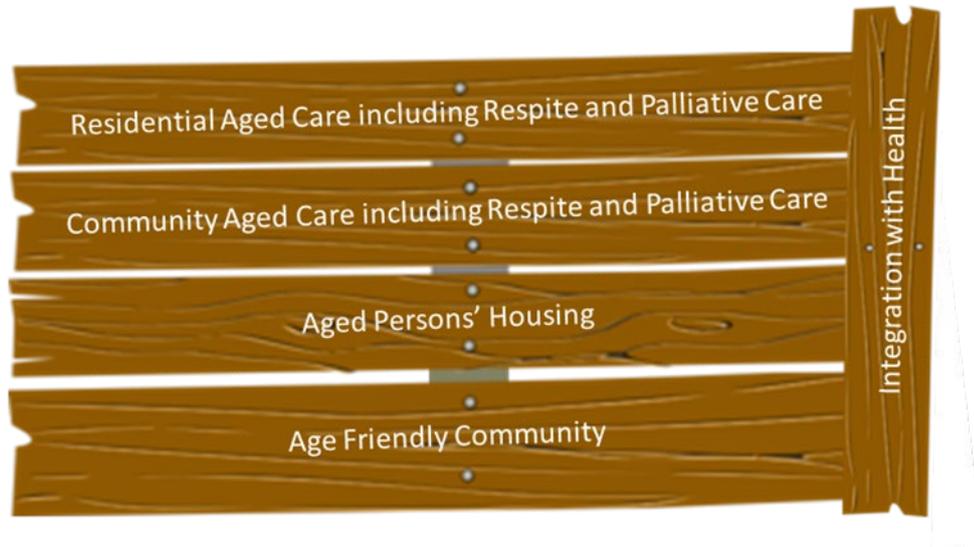

The final element, element 8, saw the development of the Central East Aged Care Regional Solution/s Report which outlines the context of the project, the findings and implications, the recommendations and action plan.

Recommendations

The Central East Aged Care Regional Solution provides a clear direction to develop and implement infrastructure and service level solutions to address the urgent need for aged care accommodation, services and facilities in the Central Eastern Wheatbelt.

The Model (Figure 2) consists of the following elements required to deliver an integrated solution:

Figure 2

Age Friendly Community is the main responsibility of LGAs in auditing and ensuring their community has addressed all the elements required to achieve an Age Friendly Community. This includes making sure structures and services are accessible to and inclusive of older people with varying needs and capabilities such as;

- Walking and Cycling Routes
- Streets
- Local Destinations
- Open Space
- Public and Other Transport
- Supporting Infrastructure
- Fostering Community Spirit
- Strategy

Aged Persons' Housing is seen as a coordinated responsibility of the CEACA, LGAs and potential housing providers to see how current stock meets requirements, the development of a coordinated approach to common development, ownership, design and integration. However land and capital needs are seen as a primary concern for LGAs, with the possible assistance of funding from peak bodies.

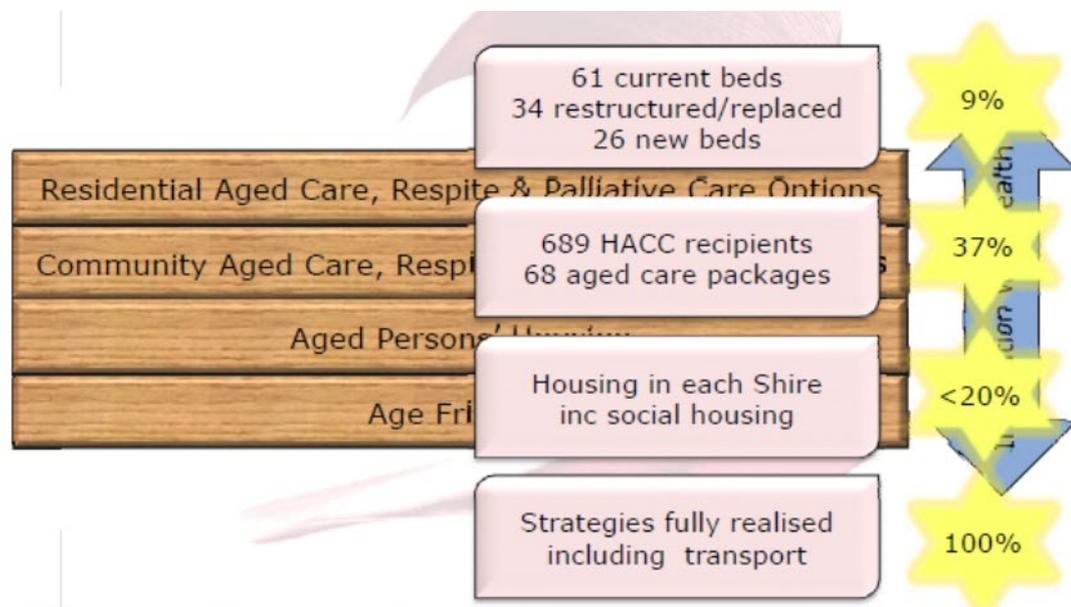

Community Aged Care including Respite and Palliative Care has been identified as the responsibility of health care funders and providers such as Department of Health and Ageing (DoHA), WA Country Health Service (WACHS), HACC and other Aged Care providers. Community Aged Care is a relatively new concept to communities in the Central East but is one that will become more prominent in

the future with policy changes around the sector. This element is seen as a longer term project and not something that will be addressed in the short term: however it will require a strong advocacy role from the CEACA and LGAs.

Residential Aged Care including Respite and Palliative Care has also been considered as a longer term strategy, with the main responsibility residing with DoHA, WACHS and other Aged Care providers. Again, this element will require a strong advocacy role from the CEACA and LGAs.

Figure 2 presents a clear picture of the strategies and the importance they will play in communities in relation to the rate older community members will be impacted, if the CEACRS is implemented correctly.

The pale boxes identify current and future needs, and the yellow stars indicate the percentage of population over 75 years impacted by this element of the model.

WHERE TO FROM HERE

- Step 1: It has been recommended that the Central East Aged Care Alliance continue to operate to ensure the successful implementation of the Central East Aged Care Regional Solution/s.
- Step 2: All Shire Councils of the Central East Aged Care Alliance to formally adopt the CEACRS and Needs Studies relating to the sub region and their individual Shires.
- Step 3: The boards of WDC and RDAW formally accept the reports.
- Step 4: The CEACA sends the reports to the following stakeholders and requests a formal response. DoHA, WACHS, HACC, Department of Housing
- Step 5: WDC and RDAW coordinate responses from the above key stakeholders on behalf of the CEACA.

Step 6: The CEACRS is publicly released with a launch, political presentations to all parties and awareness of the report recommendations through such things as presentations at conferences.

Recommendations for Local Governments

1. That the six steps for adoption and implementation of the two CEACA Reports be endorsed and specifically;
2. That Council adopt the CEAC Needs Study and Central East Wheatbelt Aged Support and Care Regional Solution/s Reports;
3. Each of the CEACA Councils make provision of up to \$5000 in their 2013/14 budgets to fund ongoing advocacy and research in order to implement the recommendations of the CEACRS Report; and
4. That endorsement of the Report is sought from the respective ROC's with a view to seeking funding to implement the recommendations of the CEACS Report on a regional basis.

Comment

The CEACA Councils adopted the recommendations listed above and worked together to progress the Aged Persons Housing platform as this was seen the easiest platform that Local Government had the capacity to influence.

CEACA is now in a position wherein it has completed the construction of seventy one (71) units within the eleven (11) Councils being located at;

Locality	Local Government	Number of Units
Bruce Rock	Bruce Rock	8
Kellerberrin	Kellerberrin	13
Koorda	Koorda	4
Merredin	Merredin	27
Bencubbin	Mount Marshall	1
Beacon	Mount Marshall	2
Nungarin	Nungarin	2
Mukinbudin	Mukinbudin	4
Kununoppin	Trayning	2
Westonia	Westonia	2
Wyalkatchem	Wyalkatchem	4
Yilgarn	Yilgarn	2
TOTAL	TOTAL	71

In the construction of new Independent Living Units and retaining/attracting aged members to our communities there are additional requirements on the community to ensure these members are cared for appropriately. This may include Community Care Packages, access to transport, hospital, doctor and ambulance services and possibly Residential Care all of which are platforms of the VERSO report that haven't been researched nor explored for improvement by CEACA.

It has been requested by CEACA that each individual Council as a member review the VERSO report to familiarise themselves with the recommendations. From the report and the abovementioned information consider Councils appetite to progress researching/actioning the platforms of the report through the CEACA or if Council want to progress this individually through their own communities and Councils.

It is always viewed by both State and Federal Governments that a Regional solution is always seen in a positive light rather than individual piecemeal approaches, however this is a decision of each Council.

Should Council's wish to progress with the continuation of CEACA researching and progressing the other platforms and solutions through the VERSO report it is suggested in the first year to leave the current \$20,000 levy as is.

This is to ensure funds are available to undertake work and progress forward, however should the funds exceed the requirements going forward the opportunity is then to review this and possible reduce the fee going forward.

Should member Councils not wish to progress the VERSO report there is no figure provided as an Annual Fee for being a member of CEACA at this point in time. This discussion will take place after Council have reviewed this item and made a definite position on where they see themselves progressing.

- 3. That Audit Committee be held on the 3rd Tuesday of the month commencing at 1pm.**

Reason: Further discussion is required by CEO and Elected members regarding briefing sessions.

CARRIED 7/0

Comment

Through the adoption of the 2020 Council Ordinary Council meeting dates, Council changed the commencement time from 3pm to 4 pm. The reason was to

accommodate elected members with current work commitments. This therefore required for the briefing time to be adjusted by 1 hour to commencing at 2pm

Consultation was completed with EM through earlier discussions with the preferred option to move this by 1 hour

The changes made are minor and are contained in attachment 15.4A.

Policy Implications

Council Policy -1.11 Council Meetings will be required to be updated on adoption.

Purpose of Report

- Executive Decision
 Legislative Requirement

Background

The Shire’s Corporate Business Plan 2018-2022 demonstrates how the objectives of the Shire’s Strategic Community Plan will be achieved. The *Local Government Act 1995* requires the local government to plan for the future of their district.

The Shire of Merredin’s four-year delivery program aligned to the Strategic Community Plan 2018-2028 and accompanied by the Strategic Resource Plan 2019-2034. The purpose of the plan is to operationalise the Community’s vision and the Shire’s strategic key objectives through the establishment of key actions that address each strategy contained within the Strategic Community Plan.

The Shire of Merredin has established periodic progress reporting against the 2018-2022 Corporate Business Plan to provide Council and the Community with an update towards the achievement of these actions, such as the delivery of key projects and the successful implementation of service level changes.

Comment

With the implementation of the suite of plans, monitoring is undertaken through the IPR Process Plan outlining Merredin’s Baseline Report to include:

1. Key Zones;
2. Strategic Goals;
3. Key Priorities;
4. Strategies; and

5. Key Actions.

The Corporate Business Plan Review – December 2019 is presented to Council for its perusal.

Risk Implications

The adoption, implementation and monitoring of the IPR Suite of Plans provides a mechanism to:

1. Deliver accountable and measurable outcomes;
2. Deliver services and manage assets that can sustain the community; and
3. Management of systems with the rigour of process and integrity of data to accurately reflect asset management costs.

Financial Implications

There are financial implications to Council in relation to this item as the suite of plans recognises outcomes. Identified outcomes from the IPR Suite of Plans are factor into the Council's Strategic Resource Plan 2019-2034.
