Purpose of Report

Executive Decision

Legislative Requirement

To review and accept the Shire of Merredin (the Shire) Draft Audited Financials and associated documents, as provided by the Office of the Auditor General (OAG).

Background

According to section 7.12 (3) of the *Local Government Act 1995* (the Act), a local government must

- (aa) examine an audit report received by the local government; and
- (a) determine if any matters raised by the audit report, require action to be taken by the local government; and
- (b) ensure that appropriate action is taken in respect of those matters.

The Annual Financial Statements for the year ended 30 June 2023 have been completed, as has the annual audit of the financial statements by the Shire's auditors, Dry Kirkness and by

the OAG. The Draft Financial Statements and associated draft audit documents are attached.

Comment

Pursuant to its Instrument of Appointment, it is relevant that the Audit Committee considers the 2022/23 Annual Financial Statement, Auditors Report and Management Letter and where appropriate, makes recommendation/s in respect of these reports to Council.

Pursuant to section 7.9 of the *Local Government Act 1995*, an Auditor is required to examine the accounts and Annual Financial Report submitted by a local government for audit.

The Auditor is also required, by 31 December 2023 following the financial year to which the accounts and report relate, to prepare a report thereon and forward a copy of that report to:

- 1. the President;
- 2. the Chief Executive Officer; and
- 3. the Minister for Local Government.

Furthermore, in accordance with regulation 10(4) of the *Local Government (Audit) Regulations 1996*, where it is considered appropriate to do so, the Auditor may prepare a Management Report to accompany the Auditor's Report, which is also to be forwarded to the persons specified in section 7.9 of the Act. The Management Report provides an overview of the audit process and outcomes, whilst also identifying any matters that, whilst generally not material in relation to the overall audit of the financial report, are nonetheless considered relevant to the day-to-day operations of Council.

Section 7.12 (4) states; A local government must —

- (a) prepare a report addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each of those matters; and
- (b) give a copy of that report to the Minister within 3 months after the audit report is received by the local government.

For the 2022/23 financial year, the Shire of Merredin has no financial findings and no significant findings listed on the Draft Management Letter. The Draft Management Letter can be viewed at Attachment 6.1B.

Four moderate findings have been identified relating to the Information Technology (IT) systems of the Shire. These have been categorised under the following headings:

- IT Governance, Policies and Procedures
- Disaster Recovery Plan Testing
- Network Access Management
- Lack of Cyber Security Training

It should be noted that the OAG has focussed on IT during their 2022/23 audits, however this testing has not been completed in previous years. The final audit saw a thorough review of the Shire's IT systems and processes, as per the direction of the OAG. General Computer Controls was highlighted in the OAGs 'Better Practice Guideline,' released 30 June 2023, as

one of fifteen 'entity financial audit file requirements.' This review highlighted the need for the Shire to develop a range of plans and policies to formally manage and monitor IT across the organisation.

Attachment 6.1B highlights what improvement actions the Shire has already commenced in this space, as well as the plans for improvement to be completed moving forward.

Discussion with the Auditor

An agenda has been provided by the Dry Kirkness as shown in Attachment 6.1C.

Mr Marius Van Der Merwe of Dry Kirkness provided feedback on the 2022/23 Financial Year Audit. He stated that the Shire of Merredin was his first close out meeting and it was not often that auditors see such a change in audit findings from the previous year. He stated that Councillors and staff could be proud of the improvements that have occurred at the Shire in the assessment period.

The Shire had no financial findings for the year, however due to a change to auditing standards and a focus on the IT area, four moderate findings were found related to information technology. These had no financial implications on the organisation. Other than the IT findings, the timing of the delivery of the financials, and and on areas of control and improvement, the Shire has performed significantly better than in previous years.

The Shire was in compliance with the agreed timetable and was audit ready by the agreed upon time. All issues identified in the previous audit along with their agreed actions had been addressed within the time that was agreed, showing a commitment by the Shire to the process, as well as good governance.

Policy Implications

Nil

Statutory Implications

As per the Local Government Act 1995.

Strategic Implications

Ø Strategic Community Plan

INDEPENDENT AUDITOR'S REPORT 2023 Shire of Merredin

To the Council of the Shire of Merredin

Opinion

I have audited the financial report of the Shire of Merredin (Shire) which comprises:

- the Statement of Financial Position as at 30 June 2023, and the Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and Statement of Financial Activity for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2023 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2023, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to

the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements,* the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Merredin for the year ended 30 June 2023 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Note 25	Reserve accounts	35

1. BASIS OF PREPARATION

The financial report of Shire of Merredin which is a Class 3 Local Government comprises general purpose financial statements which have been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996 prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of:

- AASB 7 Financial Instruments Disclosures
- AASB 16 Leases paragraph 58
- AASB 101 Presentation of Financial Statements paragraph 61
- AASB 107 Statement of Cash Flows paragraphs 43 and 45
- AASB 116 Property, Plant and Equipment paragraph 79
- AASB 137 Provisions, Contingent Liabilities and Contingent Assets paragraph 85
- AASB 140 Investment Property paragraph 75(f)
- AASB 1052 Disaggregated Disclosures paragraph 11
- AASB 1054 Australian Additional Disclosures paragraph 16

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, and infrastructure.

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2020-3 Amendments to Australian Accounting Standards -Annual Improvements 2018-2020 and Other Amendments
- AASB 2020-6 Amendments to Australian Accounting Standards Classification of Liabilities as Current or Non-current – Deferral of Effective Date
- AASB 2021-7a Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [general editorials]
- AASB 2022-3 Amendments to Australian Accounting Standards
 Illustrative Examples for Not-for-Profit Entities accompanying AASB 15

These amendments have no material impact on the current annual financial report

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards -Classification of Liabilities as Current or Non-current
- AASB 2021-2 Amendments to Australian Accounting Standards -Disclosure of Accounting Policies or Definition of Accounting

 Estimates

This standard will result in a terminology change for significant accounting policies

- AASB 2021-7c Amendments to Australian Accounting Standards

 Effective Date of Amendments to AASB 10 and AASB 128 and
 Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards
 Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
 Non-current Liabilities with Covenants
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards
- AASB 2022-10 Amendments to Australian Accounting Standards
 Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

The amendment may result in changes to the fair value of non-financial assets. The impact is yet to be quantified.

Except as described above these amendments are not expected to have any material impact on the financial report on initial application.

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/ Warranties	Timing of revenue recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	•	Output method based on project milestones and/or completion date matched to performance obligations
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	Full payment prior to issue	None	On payment of the licence, registration or approval
Fees and charges - waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Fees and charges - sale of stock	Aviation fuel, kiosk and visitor centre stock	Single point in time	In full in advance, on 15 day credit	Refund for faulty goods	At point of sale
Other revenue - private works	Contracted private works	Single point in time	Monthly in arrears	None	At point of service

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2023

	Contracts with	Capital	Statutory		
Nature	customers	grant/contributions	Requirements	Other	Total
	\$	\$	\$	\$	\$
Rates	4,850,490	0	0	0	4,850,490

		8,264,643	8,655,351
		12,218,595	11,125,672

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

4. OTHER FINANCIAL ASSETS

(a) Current assets

Financial assets at amortised cost

Other financial assets at amortised cost

Self supporting loans receivable

Held as

- Unrestricted other financial assets at amortised cost

(b) Non-current assets

Financial assets at amortised cost Financial assets at fair value through profit or loss

Financial assets at amortised cost

Self supporting loans receivable

Financial assets at fair value through profit or loss

Units in Local Government House Trust - opening balance Movement attributable to fair value increment Units in Local Government House Trust - closing balance

136,157	129,162				
6,450	6,994				
142,607	136,156				

Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 24(a) as self supporting loans. Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 21 (i)) due to the observable market rates).

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The Shire has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss.

5. TRADE AND OTHER RECEIVABLES

. TRADE AND OTHER RECEIVABLES		2023	2022	
		\$	\$	
Current				
Rates and statutory receivables		733,267	696,690	
Trade receivables		253,215	183,998	
GST receivable		0	247	
Allowance for credit losses of other receivables		(24,156)	(44,208)	
Other receivables		10,712	2,285	
ATO Liabilties		16	125,824	
		973,054	964,836	
Non-current				
Rates and statutory receivables		111,077	134,382	

SIGNIFICANT ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

2023

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

111,077

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

6. INVENTORIES

	Note	2023	2022
Current		\$	\$
Fuel and materials		32,708	10,101
		32,708	10,101
Non-current			
Land held for resale		184,000	244,000
		184,000	244,000
The following movements in inventories occurred during the year:			
Balance at beginning of year		254,101	254,610
Inventories expensed during the year		(370,882)	(362,482)
Additions to inventory		333,489	361,973
Balance at end of year		216,708	254,101

SIGNIFICANT ACCOUNTING POLICIES General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for resale (Continued)

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the council's intentions to release for sale.

7. OTHER ASSETS

Accrued income Contract assets

2023	2022
\$	\$
8,472	7,538
325,292	124,929
333,764	132,467

SIGNIFICANT ACCOUNTING POLICIES Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

Contract assets

Contract assets primarily relate to the Shire's right to consideration for work completed but not billed at the end of the period.

Impairment of assets associated with contracts with customers are detailed at Note 2(b).

8. PROPERTY, PLANT AND EQUIPMENT

(a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

Land and buildings					
Land	2	Market approach using recent observable market data for similar properites	Independent registered valuer	June 2022	Price per hectare / market borrowing rate
Buildings - non-specialised	2	Market approach using recent observable market data for similar properites	Independent registered valuer	June 2022	Price per square metre / market borrowing rate
Buildings - specialised	3	Cost approach using curreent replacement cost	Independent registered valuer	June 2022	Construction costs and current condition, residual vales and remaining usefel life assessments inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

9. INFRASTRUCTURE (Continued)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value					
Infrastructure - Roads	3	Cost Approach (using current replacement cost)	Independent Registered Valuer	June 2023	Replacement costs, condition rating, fair value and useful like assessments inputs.
Other infrastructure - Drainage	3	Cost Approach (using current replacement cost)	Independent Registered Valuer	June 2023	Replacement costs, condition rating, fair value and useful like assessments inputs.
Other infrastructure - Footpaths	3	Cost Approach (using current replacement cost)	Independent Registered Valuer	June 2023	Replacement costs, condition rating, fair value and useful like assessments inputs.
Other infrastructure - Parks & Ovals and Other	3	Cost Approach (using current replacement cost)	Independent Registered Valuer	June 2023	Replacement costs, condition rating, fair value and useful like assessments inputs.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

10. FIXED ASSETS

(a) Depreciation

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Land	not depreciated
Buildings - non-specialised	20 to 80 years
Buildings - specialised	20 to 80 years
Furniture and equipment	5 to 10 years
Plant and equipment	6 to 15 years
Infrastructure - Roads - Subgrade	not depreciated
Infrastructure - Roads - Pavement	60 to 120 years
Infrastructure - Roads - Surface	20 to 60 years
Other infrastructure - Footpaths	30 to 60 years
Other infrastructure - Parks & Ovals and Other	10 to 100 years
Other infrastructure - Drainage	10 to 80 years

10. FIXED ASSETS (Continued)

SIGNIFICANT ACCOUNTING POLICIES Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value (as indicated), less any accumulated depreciation and impairment losses.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost, the asset is initially recognised at fair value. Assets held at cost are depreciated and assessed for indicators of impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair They are subject to subsequent revaluation at the next revaluation date consistent with *Financial Management Regulation 17A(4)*.

Revaluation

The fair value of land, buildings and infrastructure is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

At the end of each period, the carrying amount for each asset class is reviewed and, where appropriate, the fair value is updated to reflect current market conditions consistent with *Financial Management Regulation 17A(2)* which requires land, buildings, infrastructure and vested improvements to be shown at fair value.

Revaluation (continued)

For property, plant and equipment and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss. Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in the following way:

(i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.

Amortisation

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within depreciation in the Statement of Comprehensive Income.

Impairment

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income in the period in which they arise.

11. TRADE AND OTHER PAYABLES

0	803
6,851	8,220
787,649	669,675

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

12. OTHER LIABILITIES

Current
Contract liabilities
Capital grant/contributions liabilities

Reconciliation of changes in contract liabilities

Opening balance Additions

Revenue from contracts with customers included as a contract liability at the start of the period

The Shire expects to satisfy the performance obligations, from contracts with customers unsatisfied at the end of the reporting period, within the next 12 months.

2023	2022
\$	\$
86,792	690,949
1,201,978	950,618
1,288,770	1,641,567
690,949	696,814
86,792	690,949
(690,949)	(696,814)
86,792	690,949

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

SIGNIFICANT ACCOUNTING POLICIES Contract liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 21(i)) due to the unobservable inputs, including own credit risk.

13. BORROWINGS

		2023			
	Note	Current	Non-current	Total	Cui
Secured		\$	\$	\$	
Debentures		99,461	389,989	489,450	9

2022					
Curre	nt N	on-current	Total		
\$		\$	\$		
95,7	779	489,450	585,229		
95,7	779	489,450	585,229		

Secured liabilities and assets pledged as security

Debentures, bank overdrafts and bank loans are secured by a floating charge over the assets of the Shire of Merredin.

The Shire of Merredin has complied with the financial covenants of its borrowing facilities during the 2023 and 2022 years.

SIGNIFICANT ACCOUNTING POLICIES Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 21(i)) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 24(a).

14. EMPLOYEE RELATED PROVISIONS

Employee Related Provisions

	2023	2022
Current provisions Employee benefit provisions	\$	\$
Annual leave	329,317	293,251
Long service leave	242,268	258,037
	571,585	551,288
Total current employee related provisions	571,585	551,288
Non-current provisions Employee benefit provisions		
Long service leave	52,979	68,143
	52,979	68,143
Total non-current employee related provisions	52,979	68,143

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

SIGNIFICANT ACCOUNTING POLICIES Employee benefits

Total employee related provisions

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

624,564

2023

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

2022

619,431

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

15. REVALUATION SURPLUS

Unused loan facilities at balance date		Nil	Nil

18. CONTINGENT LIABILITIES

In accordance with the *Contaminated Sites Act 2003*, Department of Water and Environmental Regulation (DWER) has classified the following site as 'possibly contaminated – investigation required':

- Merredin Chandler Road Landfill, Lot 500 On Plan 66111, Merredin

Until the Shire conducts an investigation to determine the presence and scope of contamination, assess the risk, and agree with the DWER on the need and criteria for remediation of a risk-based approach, the Shire is unable to estimate the potential costs associated with remediation of these sites. This approach is consistent with the DWER Guidelines.

19. CAPITAL COMMITMENTS

Con	trac	hat	for:

Council member costs	20(a)	90,171	95,954
		971,941	956,432

Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

20. RELATED PARTY TRANSACTIONS

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions occurred with related parties:	2023 Actual	2022 Actual
	\$	\$
Sale of goods and services	68	0
Purchase of goods and services	104,100	327,228
Amounts payable to related parties:		
Trade and other payables	4,401	0

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 20(a) and 20(b)

ii. Other Related Parties

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the Shire.

iii. Entities subject to significant influence by the Shire

There were no such entities requiring disclosure during the current or previous year.

21. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

ovol 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

22. RATING INFORMATION

(a) General Rates

Accounting
Business Advisory
Audit Services

Introduction

FROM OUR ENGAGEMENT PARTNER

Shire of Merredin for the year ended 30 June 2023

We would like to take this opportunity to thank the management team for their assistance during the audit process. If you have any queries on the report, please feel free to contact me.

MARIUS VAN DER MERWE DIRECTOR

B.Com (Hons) CA mvdm@drykirkness.com.au

ANN ANG DIRECTOR

OAG Representative Ann.Ang@audit.wa.gov.au

Executive Summary

- + Butler Settineri (Audit) Pty Ltd was appointed as the contract auditor by the Office of the Auditor General for the years ended 30 June 2022, 2023 and ending 2024 and have changed names to Dry Kirkness (Audit) Pty Ltd on 1 July 2022.
- + Dry Kirkness (Audit) Pty Ltd has completed the external statutory audit for the year ended 30 June 2023 as contract auditor on behalf of the Office of the Auditor General.
- No unresolved issues.
- + Our findings are included in this report.
- + We intend to recommend to the Auditor General to issue an unqualified audit opinion in relation to the financial statements.
- There are no outstanding matters.
- + We noted that your certified draft financial report was provided on 29 Sept 2023 and was audit ready. This detail will be included in the OAG's Local Government results report to be tabled in Parliament. Audit ready means having full and complete financial statements (including disclosure notes).

Independence

We are independent of the Shire in accordance with the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants.

Threats to independence include the following:

- Self Interest Threats
- + Self Review Threats
- Advocacy Threats
- + Familiarity Threats
- + Intimidation Threats

What we do to remain independent:

- + All team members sign an independence declaration at the commencement of the audit.
- + We monitor our individual independence throughout the audit.
- + All team members sign off an independence declaration at the completion of the audit.

Compliance With Laws & Regulations & Fraud

Laws and Regulations applicable to the Shire include the following:

- Local Government Act 1995
- + Local Government (Financial Management) Regulations 1996
- + Local Government (Audit) Regulations 1996
- + Australian Tax Office (GST / FBT / PAYG) Compliance
- + Compliance with conditions of program funding arrangements.

During the audit process, there have been:

- + Non-compliance issues reported in the audit findings where applicable.
- + No findings or indications of suspected fraud.

As far as the external audit relates to the matters noted above.

Key Audit Matters and Audit Outcomes

During the planning phase of the audit, we identified the following issues and key areas of audit risk.

Details of Risk / Issue	Audit Approach
Audit findings reported in the previous audit. Bank Reconciliation Review of Risk Management Systems and Procedures End-of-Day reconciliation Money Processed through the Trust Bank Account Fixed Assets Registered not reconciling to Accounting Records Fair Value of Infrastructure Assets - Frequency of Valuations Compliance with Procurement Practices Payroll Practices Risk Register Audit Committee Terms of Reference Purchasing Policy Asset Management Policy Rates Reconciliation Changes to Employee Master File	We followed up on last year's audit issues during the audit. All issues from last year's audit were resolved during the year.
Potential changes to Local Government (Financial Management) Regulations 1996 that have been signalled by the Department of Local Government, Sport and Cultural Industries (DLGSCI): • New standardised templates are expected to be established for local government financial statements for 2022-23. The template for smaller (band 3 and 4) local governments is expected to have more streamlined standard financial statements, reflecting the generally less complex operations of smaller local governments.	Upon communication of changes to the Local Government (Financial Management) Regulations 1996 by DLGSCI for 2022-23, we ensured management has used the appropriate Model Financial Statements for 2022-23 which has reduced financial reporting requirements. We are satisfied that the financial report has been disclosed appropriately.

We have identified the following areas that we consider require additional focus during our 2022-23 local government audits:

- Revenue recognition, including contract liabilities
- Unauthorised expenditure
- Unrecorded liabilities and expenses
- Fictitious employees
- Revaluation of Infrastructure assets (last revalued in 2017-18)
- Related party disclosures
- Joint arrangement disclosures
- Contingent liabilities disclosures
- Restricted reserve accounts

We reviewed the accounting treatment and disclosure processes during our interim and final audits. We also ensured the disclosures in the annual financial report are appropriate, and have complied with the requirements of the Australian accounting standards.

For asset revaluation, we obtained the external valuation report and reviewed the appropriateness of the main assumptions, valuation techniques and unobservable inputs used. We also reviewed the fair value assessment performed by management for assets that were not revalued in 2022-23. We are satisfied that the Shire's assets have been reflected appropriately at fair value at 30 June 2023.

For related party disclosures, we made enquiries to understand the process for identification of related parties, reviewed the signed related party transaction declarations from key management personnel (both current and departed), and confirmed that the disclosures made in the notes to the annual financial report are appropriate.

For contingent liabilities disclosures, the Shire has listed one site to be possible sources of contamination, which has been disclosed as a contingent liability on the financial report. We enquired with management for any other contingent liabilities existing at reporting date, and we are satisfied with the contingent liability disclosure in the financial report.

For restricted reserve accounts, we reviewed the movements within the restricted reserve accounts, and ensured that transfers out are used in accordance with the intended purpose of the respective reserve from our testing.

The following annual financial report items are derived from accounting estimates and hence will receive specific audit attention: • Fair value of PPE and Infrastructure	We reviewed the method and underlying data that management use when determining critical accounting
o PPE last revalued in 2021-22	estimates. We are satisfied the accounting estimates and assumptions used are reasonable.
o Infrastructure last revalued in 2017-18	
Impairment of assets	
Provision for annual and long service leave	
 Provision for rehabilitation of waste disposal sites (if any, at year end) 	
ASA 315 <i>Identifying and Assessing the Risks of Material Misstatement</i> is a new Australian auditing standard that impacted your Shire for the first time this year. ASA 315 requires the auditor to obtain an understanding of the IT environment and system of controls at the application level, which support the preparation of the financial report, as part of risk identification and assessment.	We have addressed the requirements of ASA 315. We issued our IT Checklist to the Shire and reviewed their responses to ensure the Shire's information system is relevant to the preparation of the financial report. We also identified IT controls which address significant risks of material misstatement in the IT environment such as controls over Journal Entries and tested those controls. We are satisfied that we did not identify any significant vulnerabilities at the application level that impacted on the preparation of financial report.
Important changes in management or the control environment	None during the financial year. We noted that Leah Boehme was appointed as Executive Manager Corporate Services in August 2022.

Audit Misstatements

There were no unadjusted misstatements clause the as a result of the audit.

Audit Findings

Per the Interim Management Letter:

Index of findings	Potential impact on audit opinion	Rating			Prior year finding
		Significant	Moderate	Minor	
Approval of payment greater than limits set by Delegation of Authority	N			•	

Per the Final Management Letter:

Index of findings		Potential impact on audit opinion	Rating			Prior year finding
			Significant	Moderate	Minor	
2.	IT Governance, Policies and Procedures	No		√		
3.	Disaster Recovery Plan Testing	No		√		
4.	Network Access Management	No		✓		
5.	Lack of Cybersecurity Training	No		✓		

Key Changes For Next Year

Changes in LG regulations

+ An update on recent changes to the Local Government Act and Regulations, as part of the Local Government Reform, is available on the DLGSCI website (Local government reform | DLGSC).

One of the changes that impact the 2023-24 financial reporting included changes to the *Local Government (Financial Management) Regulations 1996*, where Regulation 17A has been amended to require local governments to revalue their land, buildings and infrastructure assets every 5 years from the asset's last valuation date. The change removed the previous requirement for local governments to revalue their assets whenever the local government is of the opinion that the fair value of the asset is likely to be materially different from its carrying amount.

Accounting Issues for 2023

- + Changes to Local Government (Financial Management) Regulations affected after 30 June 2023 no longer require a fair value assessment of PPE and Infrastructure assets at each reporting date.
- + We are not aware of any new Australian Accounting Standards (AAS) or significant changes to existing AAS that will impact 2023-24. If we are aware of any new updates down the line, we will communicate them with you.

Thank You

We would like to take this opportunity to once again thank the management team for their assistance during the audit process, in particular we would like to thank Leah Boehme and the finance team for their support.

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2023 FINDINGS IDENTIFIED DURING THE FINAL AUDIT

Index of findings		Potential impact on audit opinion	Rating			Prior year finding
			Significant	Moderate	Minor	
Information system						
1.	IT Governance, Policies and Procedures	No		√		
2.	Disaster Recovery Plan Testing	No		√		
3.	Network Access Management	No		√		
4.	Lack of Cybersecurity Training	No		√		

Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- Significant Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.
- **Moderate -** Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- **Minor -** Those findings that are not of primary concern but still warrant action being taken.

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2023 FINDINGS IDENTIFIED DURING THE FINAL AUDIT

1. IT Governance, Policies and Procedures

IT policies and procedures

The Shire does not have comprehensive IT and cyber security policies and procedures, which cover various aspects such as access control, physical security, backup protocols, change management, HR security, information classification, and data loss prevention.

IT Strategic Plan

The Shire does not have a structured IT strategic plan to align IT initiatives with the overall business objectives.

Procedure manuals and permission matrices

The Shire does not have procedure manuals and permission matrices for the accounting systems, including payroll. In addition, the Shire does not have logical access control policies, which cover user authentication, authorisation, account management, account requests and approvals, monitoring, and auditing.

Rating: Moderate

Implication

Without comprehensive IT and cyber security policies and procedures to provide guidance to staff, there is a risk that the Shire is exposed to various cyber security risks, which could lead to data breaches or unauthorised access.

Without an appropriately approved IT Strategic Plan, there is a risk that IT resources will not be aligned to the business strategy and priorities.

Without proper procedure manuals, permission matrices, and logical access control policies, there is a risk of security vulnerabilities and compliance issues.

Recommendation

We recommend that management:

- develop and implement comprehensive IT and cyber security policies, which cover access control, physical security, backup protocols, change management, HR security, information classification, and data loss prevention
- establish a structured IT Strategic Plan that aligns technology initiatives with Shire's overall business objectives
- develop procedure manuals, access control policies and permission matrices for the finance and payroll systems, and implement logical access control policies to strengthen security and compliance measures.

Management comment

Responsible person: Executive Manager Corporate Services
Develop a Corporate IT Strategy for the Shire of Merredin that links to the business objectives outlined in the Shire of Merredin Corporate Business Plan.

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2023 FINDINGS IDENTIFIED DURING THE FINAL AUDIT

	Completion date: 30/09/2024
Action 2: IT Policies/ procedures	Though a range of processes are currently in place in relation to backups, physical security, HR security and a number of the other areas listed below, the Shire will formalise/ develop documented IT and Cyber Security policies/ procedures that include: - Access control (including Account management, Account requests and approvals, Account monitoring, User authentication, Account auditing) - Physical security - Backup protocols - Change management - HR security - Information classification - Data loss prevention
	Responsible person: Executive Manager Corporate Services Completion date: 30/09/2024
Action 3: IT Policies/	Review policies created above and determine if further policies are required, or any amendments need to be made.
procedures	Responsible person: Executive Manager Corporate Services Completion date: 31/12/2024
Action 4: Procedures	Formalise/ develop a series of procedure documents/ work instructions to support the policies referred to in Action 2.
	Responsible person: Executive Manager Corporate Services Completion date: 31/12/2024
Action 5: Permission Matrices	Completed - Permission matrices are in place for the new payroll system. Staff in the Finance team who complete payroll for the Shire have administrative access and use two-factor identification to access the system. The Executive Manager Corporate Services is the overseer of this system and approves access levels. Employees only have access to enter timesheets and leave requests and check accruals and balances. They are unable to change data within the system. This has been implemented since 1 July 2023.
	Responsible person: Executive Manager Corporate Services Completion date: 01/07/2023
Action 6: Permission Matrices	A review of user access of the Shire's accounting system has occurred to ensure appropriate access for staff. During the review, all staff access to the Shire's IT system was checked to ensure accuracy.
	Moving forward these reviews will be scheduled quarterly to ensure that security is maintained with the first review to take place prior to 31 January 2024.
	Responsible person: Executive Manager Corporate Services Completion date: 31/01/2024
Action 7: Permission Matrices	A permission matrix document will be developed that outlines permissions to be assigned to each position in the organisations, as per the organisation structure, to guide future reviews.
	Responsible person: Executive Manager Corporate Services Completion date: 31/01/2024

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2023 FINDINGS IDENTIFIED DURING THE FINAL AUDIT

2. Disaster Recovery Plan Testing

Disaster recovery

Testing of the Disaster Recovery Plan (DRP) is overdue.

Rating: Moderate

Implication

Without adequate testing of the DRP, there is a risk that the DRP in place may not be effective and sufficient enough in ensuring that key IT systems are able to be recovered after a major incident. This could result in prolonged downtime and significant financial losses in a disaster or critical system failure.

Recommendation

We recommend that the IT DRP is adequately tested on regular basis, and these tests should be used to confirm key IT systems and services can be restored or recovered within the required timeframes.

Management comment

Management	30111111011C
Action 1:	Desktop testing of the Disaster Recovery Plan will be completed by the Executive Management Team.
	Responsible person: Executive Management Team Completion date: 31/03/2024
Action 2:	A review of the Disaster Recovery Plan will occur once desktop testing has been completed to identify any amendments that may need to be made.
	Responsible person: Executive Management Team Completion date: 30/06/2024

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2023 FINDINGS IDENTIFIED DURING THE FINAL AUDIT

3. Network Access Management

Password policies

The Shire's password policy is inadequate as the minimum password length in the Shire's Active Directory is set at only six characters, which falls short of best practice recommendations. Additionally, the account lockout threshold is set to zero, which created a risk of password guessing, leaving the system vulnerable to brute-force attacks.

Privileged accounts

There was no regular review of privileged accounts in SynergySoft. The Shire has six administrative users.

Rating: Moderate

Implication

Without adequate password policies, there is an increased risk of unauthorised access into the systems, which could lead to data breaches or system compromises.

Without regular reviews of privileged accounts, there is an increased security risks as well as potential misuse of administrative privileges.

Recommendation

We recommend that management:

- implement stronger password policies, and a reasonable account lockout threshold to mitigate the risk of password-related security breaches
- perform regular reviews of privileged accounts to ensure the administrative users continue to align with the business requirements.

Management comment

Management con	
Action 1: Password Policies	Completed - All password settings in the IT system have been updated to reflect best practice recommendations. These include minimum 10 characters for passwords. This change was made when the Shire were alerted to the issue in September, however a further review on 10.11.2023 confirmed these are currently in place.
	The password lockout threshold has been set to three attempts. This was completed when the Shire were alerted to the issue in September, however a further review on 10.11.2023 confirmed this is currently in place.
	Responsible person: Executive Manager Corporate Services Completion date: 10/11/2023
Action 2: Privileged Accounts	Completed - Removal of IT service providers administration status occurred during the Audit visit in September when attention was drawn to the issue.
	A full audit of IT system users was completed at this time and the system presently reflects all current staff accurately.

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2023 FINDINGS IDENTIFIED DURING THE FINAL AUDIT

	Responsible person: Executive Manager Corporate Services Completion date: 22/09/2023
Action 3: Privileged Accounts	A procedure will be developed to ensure the IT system user review process is completed regularly (at least four times per year), as well as included in onboarding and offboarding processes moving forward.
	Responsible person: Executive Manager Corporate Services Completion date: 31/03/2024
Action 4: Privileged Accounts	Quarterly review dates will be added to the Shire's compliance system to ensure staff are alerted when reviews are due.
	Responsible person: Executive Manager Corporate Services Completion date: 31/12/2023

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2023 FINDINGS IDENTIFIED DURING THE FINAL AUDIT

4. Lack of Cyber Security Training

We noted that the Shire's employees have not received any cyber security related training.

Rating: Moderate

Implication

There is a risk of staff falling victim to social engineering attacks and other security breaches due to a lack of awareness and preparedness.

Recommendation

We recommend that management ensure all staff are provided with ongoing cyber security awareness training to raise their awareness of cyber threats.

Management comment

<u>manayement</u>	Comment
Action 1:	The Shire have completed testing over the previous 12 months to identify areas of risk by utilising phishing campaigns with staff and Councillors. It is recognised that further training is required and available training options for staff will be investigated.
	Responsible person: Executive Manager Corporate Services Completion date: 31/03/2024
Action 2:	Develop a training schedule to ensure all staff with network access are exposed to cyber security training at least annually.
	Responsible person: Executive Manager Corporate Services Completion date: 31/01/2024
Action 3:	Implement training, with initial roll-out to be completed by 30 June 2024.
	Responsible person: Executive Manager Corporate Services Completion date: 30/06/2024

Attacilments:	Attachment 6.2B – 2017/18 Shire of Merredin – Annual Financial Statement 17.18 (Audited)			

	Purpose of Report	
Executive Decision		Legislative Requirement

As a matter of transparency, and correction of the public record, to notify Council of an error in a section of the Annual Report 2017/18 document publicised by the Shire of Merredin.

Background

In completing the 2022/23 Annual Financials for the Shire of Merredin, an error was discovered with the information published in the Shire of Merredin Annual Report 2017/18 (Attachment 6.2A).

The 2017/18 figures submitted to, and assessed by the Auditor and Office of the Auditor General were correct, so there are no financial implications or prior period errors required to be made. The error has been an administrative one, with the incorrect copy of the financials (containing an incorrect asset valuation) being appended to the published financial report, rather than the correct, audited documents.

Explanation of error:

A late change to the square metre unit value of the roads sub-grade was made in the 2017/18 audit process, as part of the

2017/18 infrastructure asset revaluations. The per unit value was then applied across the subgrade component of the Shire's roads to calculate the total subgrade value. This figure was then used in the calculation of the written down total road values.

It appears the accurate document (Attachment 6.2B), with the correct subgrade unit figure, was signed off by the auditors, however the unaudited financials with an incorrect subgrade figure, were attached to the Annual Report and presented to the Audit Committee and to Council. This is likely a result of an earlier version of the document being used.

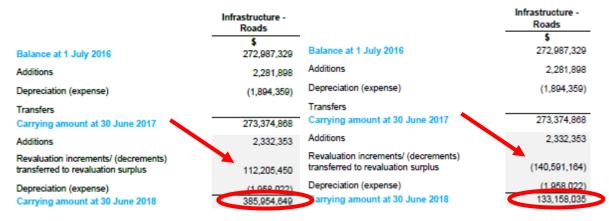

The discrepancy between the two documents was an overall difference in depreciated total roads value of \$252,796,614.26.

The correct figure for depreciated total roads was \$133,158,035.00, where the incorrect figure in the publicised document was \$385,954,649.26.

The difference is shown in excerpts from the two documents below:

2017/18 Annual Report:

2017/18 Audited Financials:

As you can see, the 'Revaluation increments/ (decrements) transferred to revaluation surplus' figures were different, which subsequently altered the 'Carrying amount at 30 June 2018.' This did not however, impact on the carry forward or other cash balance of the Shire budget at the time.

Comment

After this matter was identified while conducting the 2022/23 asset revaluations, discussions were held with the Shire auditors on the most appropriate treatment of the publication error.

As the correct figures were assessed by the Auditor and Office of the Auditor General, there are no financial implications or prior period errors that are required to be disclosed, however, it was determined that an item would be brought to the Audit Committee to correct the public record, and transparently explain the difference in the documents.

The difference would be publicly visible if comparing the roads infrastructure carrying value from the 2017/18 and 2018/19 annual reports.

While the published annual report will not be corrected, a note will be made on the annual report landing page on the Shire website to point to this correction.

Risk Implications

There is no financial implication as a result of the prior publication error, however, to minimise the chance of reputational risk, and on the advice of the Auditors, the Administration have corrected the public record via this report.

Financial Implications

Nil

Voting Requirements Simple Majority **Absolute Majority** Resolution **Cr Simmonds** Seconded: Cr McKenzie

That the Audit Committee:

- 1. NOTE that the Financial Report 2017/18 included in the publicised Shire of Merredin Annual Report 2017/18 was not the audited version of the annual financials;
- 2. NOTES this resulted in a reporting difference in depreciated total roads value of \$252,796,614.26 in the 2017/18 Annual Report. The correct figures were published in the 2018/19 Annual Report, and have been used since; and,
- 3. RECOMMEND that Council note point one and two above.

Our Community Vision

Integrated Planning & Reporting Framework

COMMUNITY ENGAGEMENT

Strategic Community Plan (10 Years)

What's it for?

The Strategic Community Plan is made using the Merredin community's feedback. It sets Merredin's strategic direction for the next 10 years based upon this

The plan is reviewed on a minor basis every two years and on a major basis every four years. A major review was undertaken in March 2018.

Corporate **Business Plan** (4 Years)

What's it for?

The Corporate Business Plan is the 4 year plan created to implement the first 4 years of strategic goals outlined in the Strategic Community Plan. Like the Strategic Community Plan, it is reviewed on a minor basis every two years and a new plan is created when a major review is created when a major review is undertaken after 4 years. A new plan was created in March 2018.

Annual Budget (1 Year)

What's it for?

operational expenditure for projects from the first year of the Corporate Business Plan and also

general ongoing expenses.

The Annual Budget is adopted at the beginning of each financial year and also sets out the Fees and Charges for various services the Shire provides to the Merredin community.

OUTPUTS

Plan Monitoring & Annual Reporting

Both the Strategic Community Plan and Corporate Business Plan will be monitored (minor review after 2 years and a major review after 4 years) and their progress reported back to the community via quarterly reports. For each financial year an Annual Report (as per the Local Government Act 1995) will be produced which reports back to the community the actions taken during the financial year.

INFORMING STRATEGIES

The 'Informing Strategies' are supporting documents which are used by Council to test and inform the long-term aspirations of the Strategic Community Plan and to guide the deliverables which can be achieved in the Corporate Business Plan and Annual Budget.

Strategic Resource Plan 2016 – 2031 This valuable plan is part

commitment to an integrated approach to planning for the District's future. It provides the Council and the financial and asset management circumstances and

operations of the Shire of Merredin, ensuring the needs and

Shire President's Message

In a year where we welcomed some new faces on Council, there has been some significant achievements and progress in key projects.

CEACA INC.

As reported in the 2016/17 Annual Report, the tender for the design and construction of the CEACA Inc independent living units was released in July 2017, and at a Special Council Meeting in October 2017 Council (as the holder of the Royalties for Regions funds for the project) adopted both WALGA's and CEACAs recommendation to award the contract to Pindan Contracting Pty Ltd.

With the change in State Government there were concerns around whether the \$22 million in previously approved funding would be honoured, with \$5 million needing to be reimbursed to the State Government, and the number of units decreased from 75 to 72 across the project. However, CEACA is grateful that the project has been able to continue whilst maintaining a great deal of the project's original intent.

Construction of the units across the 11 local governments is expected to commence early in the new financial year.

LOCAL GOVERNMENT ELECTIONS

October 2017 saw 3 new faces joining Council. with Councillors Roy Butler, Julie Flockart and Romolo Patroni joining Councillor Mal Willis in being successfully elected to represent our community.

I would like to take this opportunity to thank outgoing Councillors, Caroline Blakers, John Flockart and Maria Young for their years of dedication and service whilst on Council. I would also like to acknowledge Councillor Mark Crees who chose not to renominate for the position of Deputy President, which apart from a short break between 2011-2013. was a position he had held on Council since 1999. Cr Crees is also our longest serving Councillor having served on Council for the last 23 years.

In filling the role of Deputy President I would like to congratulate Councillor Mal Willis who was elected to the position unopposed. Councillor Willis is an active member of Council and I would like to thank him for his dedication and commitment to the community.

NORTH MERREDIN PRIMARY SCHOOL REDEVELOPMENT

Following a 12-month process involving comprehensive consultation with community groups to ascertain their aspirations and needs. Council adopted the Community Facilities Review at its December 2017 meeting (CMRef

The process involved the mapping of community facilities and services to assist with the setting of realistic goals

taking into account resource constraints. The purpose of the Review was to investigate opportunities to consolidate Shire owned and managed facilities and collocate services, with the overall objective being to maintain fewer facilities to a high standard whilst maintaining the current level of community organisations and associated

The Review identified implementing stage two of the North Merredin Primary School redevelopment as a key project. Stage one involved the refurbishment of the old administration and adjacent classrooms to accommodate the Shire library, with the relocation occurring in April 2016.

The stage two refurbishment of the remainder of the school site will include classrooms 6, 7 and 8, the old school library, school canteen, ablution facilities, undercover area and quadrangle which will enable collaboration and collocation of identified community groups resulting in a multi-purpose, cross-generational community hub that supports a range of activities and services.

The construction of the CEACA Inc independent living units will also play an integral role in the development of the community hub. It is envisaged that the residents will utilise the facilities and services within the precinct particularly the proposed multi-purpose function room.

Also included in the redevelopment is the construction of an off-leash dog park in the eastern portion of the site. Whilst grant funding will be critical to the project, with applications being submitted to a number of agencies, Council looks forward to contributing to the project and seeing it come to fruition.

CLOSING ACKNOWLEDGEMENTS

In closing I would like to extend my gratitude to those who have worked closely with the Shire of Merredin over this last financial year, specifically my fellow Councillors, our Chief Executive Officer and his hardworking team who together on a daily basis commit themselves to ensuring the best outcomes for our community.

Thank you also to the many community groups and organisations. businesses and sporting clubs who have contributed to our achievements. With ongoing cooperation and collaboration we can continue to realise our goals and objectives.

Chief Executive Officer's Message

In these challenging financial times, the Shire of Merredin continues to provide valuable services and facilities to the community.

INTEGRATED PLANNING AND REPORTING -STRATEGIC COMMUNITY PLAN

In 2012/13 the Shire of Merredin prepared its first suite of plans to meet the requirements of Western Australia's Integrated Planning and Reporting (IPR) Framework. In the 6 years since then Council and staff have worked hard to achieve the community's vision and the things we were told are important to the community.

Typically the Strategic Community Plan undergoes a major review every four years with a minor review every two years. Merredin adopted its first plan in 2012 with a minor review undertaken in 2014 and a major review in 2016. In order to bring the Strategic Community Plan in line with the Council election period, a major review was undertaken in 2018.

This review process commenced in January 2018 and included a number of community engagement meetings. The consultation was completed in April 2018 and it is anticipated that the final draft of the Strategic Community Plan: Innovating the Wheatbelt 2028+ will be adopted by Council at its July 2018 meeting. At this time the Corporate Business Plan is also expected to be adopted thus guiding the Shire forward towards 2028.

COOLING SYSTEM FOR MRCLC

After many years of investigating options and consultation with the sporting clubs involved (in particular the Merredin Basketball Association) consultants were engaged in May 2017 to prepare a mechanical engineer's report to ascertain suitable cooling options and approximate costings for the MRCLC. In addition to the engineering report, staff also undertook comprehensive research with the outcome identifying that sweeping fans, in conjunction with ventilators, would be the most cost effective system. With financial contributions from the Merredin Sports Council, Merredin Basketball Association and Council the system will be installed in readiness for the 2018/19 basketball season.

SALE OF LAND - MERREDIN MEDICAL CENTRE

Whilst unexpected, Council was pleased to accept an offer from Dr Gabriel Adeniyi to purchase the Merredin Medical Centre building. Dr Adeniyi had leased the property from Council for close to a decade and it is pleasing to see his commitment to the medical services available in Merredin.

Council agreed to the sale at its March 2018 meeting (CMRef 82147) and the windfall in funding will be allocated to works upgrading equipment in Apex Park. The Park was identified as a priority area by Council and the community as a result of the Strategic Community Plan consultations.

MERREDIN'S GREEN CREDENTIALS

Following on from the President's comments in the previous Annual Report, the Shire is continuing with its environmentally friendly approach with the installation of solar panels on both the Library and Central Wheatbelt Visitors Centre. While as an organisation Council is not entitled to the same rebates available to residential customers under the solar schemes, the panels still provide benefit by decreasing the ongoing operational electricity costs for both venues.

Also assisting in reducing power consumption are the recently installed variable speed drives (VSDs) at the Pool and recycled water system pumps. making them more energy efficient. Additionally, a new pump was installed to more efficiently collect water from the town's stormwater catchment network. This water is used across the Shire's parks and gardens including Roy Little Park, Apex Park, the Gt Eastern Highway gardens and the MRCLC, meaning the Shire does not need to source water from the mains Scheme system.

FUNDING CONSTRAINTS

Due to the financial constraints being experienced by all tiers of government, funding for capital works is extremely limited. This, along with the low rate increases being implemented each year, means that significant capital expenditure across the Shire is severely

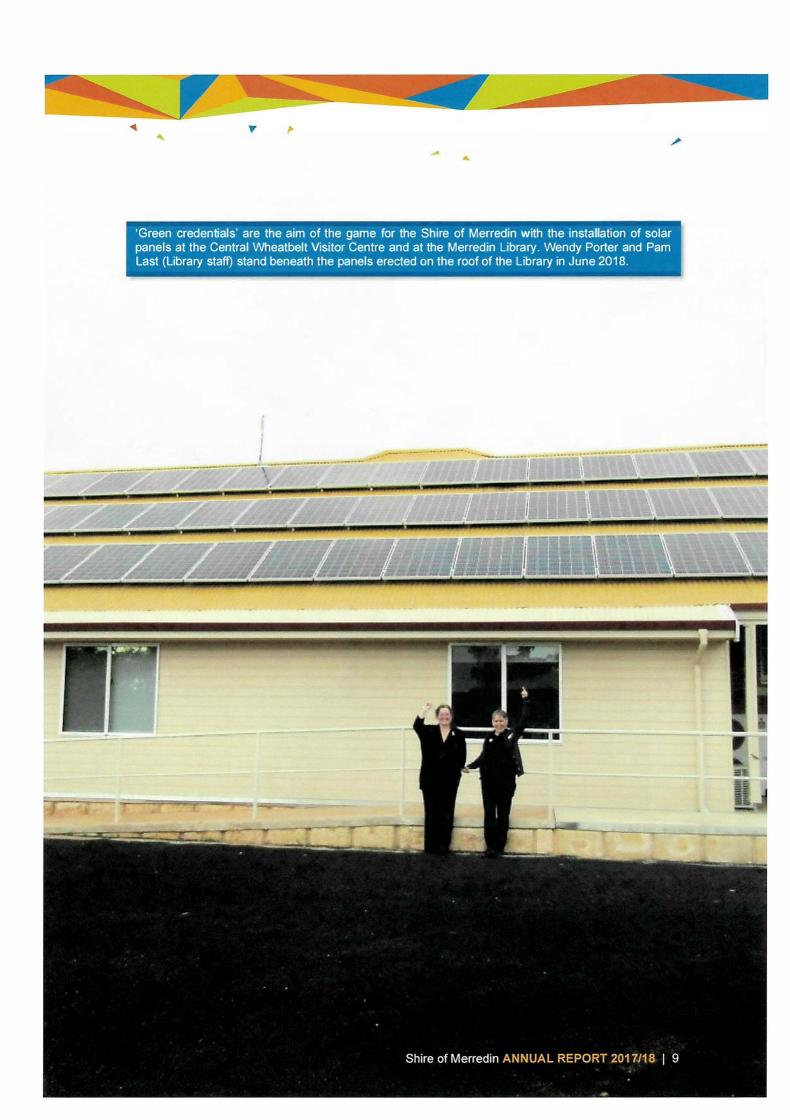

Consequently, from an Administration perspective, activities are focussed towards maintaining, and where possible improving, the current level of access, maintenance and services in line with best practice and the level of funding available. Should additional funding be available, where appropriate it will be directed towards ensuring facilities are maintained to the highest standard for the benefit of the whole community.

CLOSING ACKNOWLEDGEMENTS

The past year has seen the employees of the Shire work hard to achieve the community's vision and improve the way we deliver the services we provide. Next year we will be guided by the new Strategic Community Plan 2028+, which builds on the work already undertaken. I look forward to ensuring it all comes together.

Greg Powell

Chief Executive Officer

Year in Review

CORPORATE SERVICES

In 2017/18 every \$100 the Shire of Merredin spent was:

\$35.50	on Roads	\$8.50	on Community Amenities
\$5.00	on Law, Order & Public Safety	\$29.50	on Recreation & Culture
\$2.50	on Health	\$4.50	on Governance
\$1.00	on Education & Welfare	\$8.00	on Economic Services
\$2.00	on Housing	\$4.50	on Other Services

WORKS & SERVICES

During 2017/18 the Shire:

Completed 13.3km Reseal (spray seal) of roads \$443,990

Completed 5km Reseal (asphalt) of roads \$151,394

Completed 6km Road reclamation projects \$170,786

Completed 14.2km Re-sheeted/stabilised gravel roads \$586,997

Maintenance/minor improvements to Parks & Gardens \$406,707

Road maintenance / grading / minor improvements \$1,020,705

MEDIA & COMMUNICATION SERVICES

During 2017/18:

76 Tweets were posted on the Shire's Twitter page

197 Posts were posted on the Cummins Theatre Facebook Page

276 Posts were posted on the Shire's Facebook Page

155 Posts were posted on the Visitor Centre Facebook Page

DEVELOPMENT SERVICES

During 2017/18 the Shire:

Issued 49 Building Approvals \$4,921,800

Completed 2 Local Planning Scheme Amendments

Issued 24 Planning Approvals

Completed 2 Re-subdivisions / Amalgamations

Reached registration of 181 Dogs

COMMUNITY SERVICES

During 2017/18 the Shire completed:

Received 8,616 Visitors to the Library

Received 4,824 New Items to the Library

Checked Out 13,640 Items from the Library

Held 44 Shows at Cummins Theatre

Sold 2,293 Tickets to Shows at the Theatre

Organised and held 8 Community Events

About this Report

Welcome to the Shire of Merredin's 2017/18 Annual Report. Every year the Shire provides vital community services and the Annual Report is where we can highlight the achievements and the progress made towards reaching the strategic goals identified in the Strategic Community Plan 2016-2026.

Under the Local Government Act 1995 all local governments are required to prepare an annual report at the end of each financial year. The Annual Report is one of our key reporting devices, which provides information to the community on the work completed in the past financial year. It identifies Council priorities and major

projects being undertaken or planned and includes community indicators based on the goals and strategies outlined in the Strategic Community Plan.

The report also details the Shire of Merredin's operational performance and outlines the achievements and challenges that were experienced throughout the

For the Shire of Merredin, our community comes first so we're big on providing financial and in-kind support to a number of community groups. During 2017/18 Council did so for the following community organisations:

Organisation	Cas	ind-kind	Description	
Merredin Community Resource Centre	\$3,000	\$900	Hosting Australia Day Breakfast, Senior's Luncheon & Thank a Volunteer and to facilitate 2 workshops to upskill volunteers	
Merredin Men's Shed	\$350	\$1,250	Hosting 2017 WA Men's Shed Annual Conference	
Merredin Community Singers (auspiced by Merredin \$1,800 Hosting of Sor Repertory Club)		Hosting of Songfest		
Wheatbelt Agcare	\$1,000		Provision of family counselling to Merredin and surrounding districts	
Agricultural Women Wheatbelt East		\$1,000	Hosting of regional conference to showcase food production in Merredin	
Merredin Agricultural Society		\$11,350	Support for Merredin Show	
Merredin Playgroup \$6,			Renewal of air-conditioning system	
Merredin Museum & Historical Society	\$2,068		Installation of power on the veranda of Railway Museum	
Merredin College Chaplain \$3,000 Providing support services to students		Providing support services to students		
MADCAPS \$4,419			Provision of pool fencing and outdoor blinds	

The Shire of Merredin also organises and supports a number of community events within Merredin for a variety of reasons and causes such as the inclusion of all community members, diversity of the cultural and traditional groups living in Merredin and variety for the type of events held.

Each event attracted participants and spectators from within town and the surrounding areas. The main events organised/supported by the Shire during 2017/18 included ANZAC Day, the Twilight International Food Festival, NAIDOC week, Gala Night and school holiday activities run by Merredin Regional Library and Cummins Theatre.

The Shire also supported other community events including the opening of the Rolling Stock Cover at the Merredin Railway Museum in conjunction with the completion of the CBD Upgrades - Stage 1, Curtin and Notre Dame Medical Student Immersion Program, Lenihan Park Nature Play (in partnership with various community groups and key stakeholders) and the Merredin Show.

Being accessible is vital for Councillors in making sure they can accurately represent the community they live in. Council were involved in the Create Booth at the Merredin Show in March 2018 and the Informal Community Forum held in June 2018 enabling one on one informal conversation. During the consultation process for the Strategic Community Plan Council and Shire staff made sure as many community groups and individuals as possible were given an opportunity to attend the workshops and provide feedback.

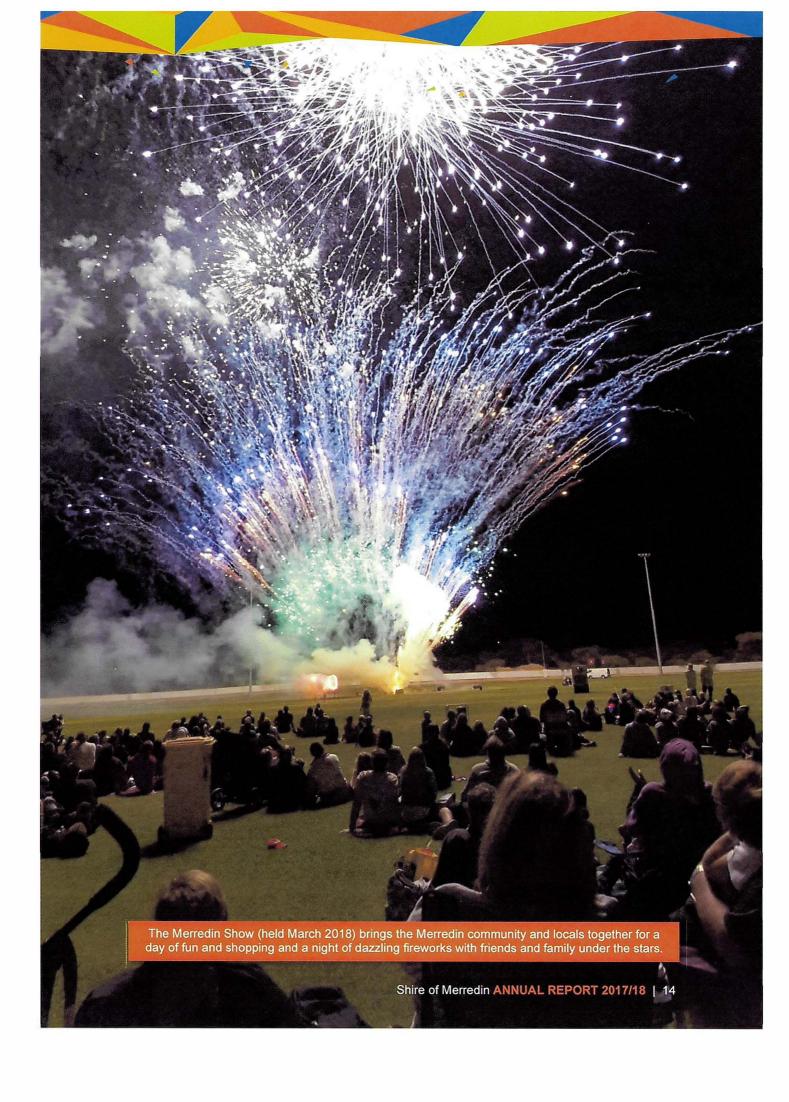

WHERE TO FIND THIS REPORT

Copies of this report can be obtained in the following ways:

- In person: Collect a hard copy from the Shire administration office or Library
- Online: www.merredin.wa.gov.au
- Email: admin@merredin.wa.gov.au

COMMENTS

Council and Shire officers are keen for any feedback you may have on the Annual Report. This can be in writing and dropped off at any Shire venue or emailed to the Shire at: admin@merredin.wa.gov.au.

Statutory Reporting

ACCESS & INCLUSION PLAN

The Disabilities Services Act 1993 requires Council to report on its Access & Inclusion Plan (AIP) achievements within its Annual Report. The 2017/18 AIP progress report highlighted the following achievements

- Fitting of automatic doors to the old Town Hall building to improve access for the elderly;
- Finalisation of the upgrades to the central business district parking facilities, incorporation of a new asphalt seal, provision of new line markings and dedicated ACROD bays, provision of additional crossovers and footpaths between Barrack Street shopping facilities and the car
- Expenditure of \$280,000 in the 2017/18 financial year on the provision of new footpaths within the

EXECUTIVE REMUNERATION

Regulation 19B of the Local Government (Administration) Regulations 1996 states the Annual Report is to include the number of employees entitled to an annual salary of \$100,000 or more, and the number of those employees with an annual salary entitlement that fall within each band of \$10,000 over \$100,000.

As at 30 June 2017 the Shire has 4 employees entitled to an annual salary more than \$100,000:

SALARY RANGE	EMPLOYEE(S)
\$100,001 - \$110,000	1
\$110,001 - \$120,000	2
\$120,001 - \$130,000	0
\$130,001 - \$140,000	0
\$140,001 - \$150,000	0
\$150,001 - \$160,000	0
\$160,001 - \$170,000	0
\$170,001 - \$180,000	0
\$180,001 - \$190,000	0
\$190,001 - \$200,000	1

RECORD KEEPING

The Shire's reviewed Record Keeping Plan, as adopted by Council at its September 2015 meeting, is in operation - as far as all incoming correspondence is captured onto the electronic records system and then allocated to the relevant officer for attention whilst the hardcopy is filed. Work continues in educating officers of the procedure for incoming and outgoing correspondence via email.

Work has also commenced with regard to capturing archived "permanent records" onto the electronic system.

The archived hardcopy records are temporarily being held in a secure building, however, this is not dust free nor fire protected but we are working towards satisfying regulations in this regard.

REGISTER OF COMPLAINTS OF MINOR BREACH

In accordance with Sections 5.53(2) and 5.121 of the Local Government Act 1995, the Annual Report is required to disclose the number of complaints of minor breach received each year.

There were 0 complaints received in 2017/18.

COUNCIL SERVICES

The Shire continues to provide vital community services to the Shire of Merredin's residents. These services include:

- Provision of a Rubbish Tip
- Kerbside collection of general waste and recycling
- Sporting facilities including the Merredin Regional Community & Leisure Centre Precinct and the Merredin Olympic Swimming Pool
- Tourism Services via the Central Wheatbelt Visitor Centre
- Library services via the Merredin Regional Library
- Entertainment services via Cummins Theatre and community events such as the annual International Twilight Food Festival and Gala Night
- Maintenance of parks, gardens, public toilets and public spaces
- Maintenance of roads
- Maintenance of cemeteries including preparation of plots for burial
- Maintenance of community building facilities and arounds
- Provision of planning and building services
- Provision of environmental health services (septic tanks, water monitoring, etc.)
- Provision of ranger services
- Provision of registration services for cats and dogs
- Provision of fire break information and
- Communication of events via social media which are happening around town and in adjacent Shires
- Provision of Natural Resource Management / Landcare Opportunities
- Provision of the Community Grant Scheme which provides applicants with funding support for a variety of events, causes, builds, etc.
- Provision of licencing services on behalf of the Department of Transport which is an invaluable core service provided. During 2017/18 the Licensing Centre processed a considerable number of transactions, with Council commissions totalling approximately \$84,258.

Strategie Community Plan

The Shire of Merredin's Strategic Community Plan 2015-2026 is the overarching document developed to embody the aspirations and goals of the Merredin community. The themes and goals identified underpin the strategies and outcomes that Council and the Shire of Merredin will be measured against to ensure the future desires of the community are attained.

The Strategic Community Plan underwent a major review in March 2018 to obtain new feedback from the Merredin community and set new strategic goals based on that feedback. The updated plan (entitled 'Strategic Community Plan: Innovating the Wheatbelt 2028+) will be aligned with the 2018/19 Annual Report but for 2017/18 the Strategic Community Plan 2015-2026 is aligned.

Developing

Strategic Goal: The population and economic base is expanding sustainably.

Key Priorities:

- **Economic Development**
- Accomodation
- Civic Leadership, Advocacy and Regional Collaboration
- Governance

Liveable

Strategic Goal: Merredin has the services, facilities, characteristics and heritage that continues to make Merredin a great place to live and contribute to a liveable region.

Key Priorities:

- Health Facilities and Services
- **Key Assets**
- **Built Heritage**
- Town Enhancement

Inelusive

Strategic Goal: Merredin (and the region) is an area that is welcoming of diversity.

Key Priorities:

Community Spirit

Naturally Resourceful

Strategic Goal: Merredin is renowned for its innovation in agriculture, water and energy. It enhances the quality of the natural environment.

Key Priorities:

Natural Environment

Developing

The following 'Strategies' (eg: SP.D1.1, etc.) are outlined in the Strategic Community Plan 2016-2026. The Plan is a 'living' document which is reviewed and updated with new Strategies as the projects known as 'Actions' under each 'Strategy' are completed.

'Actions' to be completed are listed within the Corporate Business Plan 2015-2019. This document is also a 'living' document reviewed every two years in conjunction with the Strategic Community Plan. The status of all 'Actions' has been marked as follows:

Completed **Not Commenced** ひ Ongoing Commenced

R Action Removed upon Review

Where an Action has been removed, this is usually because upon review there were no opportunities at the current point in time to achieve the action or it is the type of Action needing to be carried out by the private sector and cannot be achieved by the Shire of Merredin.

SP.DI.1 - Implement recommendations identified in the 'Growing Our Community' an economic development and implementation strategy and Central East Sub-Regional Economic Strategy

- Funding approved to construct 26 Independent Living Units at North Merredin Primary School site.
- Investigations to develop Merredin as a horticulture hub has commenced but opportunities remain with the private
- Investigations currently being undertaken by the Department of Primary Industries and Regional Development on
- Completion of Spirulina Facility Study. Opportunities remain with private sector involvement.
- Maintained financial contribution to support MADCAPS.

Corporate Business Plan Actions Advocate for the development of affordable accommodation for workers and young professionals R × 2 Investigate the feasibility of developing a desalination plant in Merredin 3. Support the investigation of the feasibility of developing a biomass/biogas plant within the Shire of C Support the investigation of the development of a local business group to engage in economic C development activities

5. Consideration of the Spirulina Feasibility Study

6. Support the development of additional child care services and collocation of early years services.

SP.D1.2 - Proactively promote Merredin as a place to live, work and invest; within and outside the community

Development of WEROC app and website. The platforms have the capability to promote Merredin globally.

Corporate Business Plan Actions

Development and implementation of a marketing plan to attract potential business, industry and residents to Merredin

C

SP.D1.3 - Promote new commercial and industrial development through appropriate zoning of land, provision of suitable infrastructure and efficient and effective business approval processes

The Shire of Merredin Development (Planning) Approval and Building Permit Approval processes have been streamlined with all applications being assessed and approved within statutory mandated timeframes.

The Shire of Merredin Local Planning Scheme No. 6 was amended twice (Amendments 4 & 5) during the 2017/18 financial

year. The Local Planning Scheme is current and in conjunction with the recently reviewed Local Planning Policies serves the needs of the community well. Advice received from the Western Australian Planning Commission (WAPC) is that the Planning and Development (Local Planning Schemes) Regulations 2015 are in the process of being reviewed with the view of requiring a review of Local Planning Schemes once every 10 years. As such, the next review of the Shire's Local Planning Scheme will not take place until 2021.

Corporate Business Plan Actions

Regular review of the Shire of Merredin Town Planning Scheme No 6

C

SP.D1.4 - Pursue opportunities associated with NBN in partnership with other regional organisations

- Supported implementation of South Western Wireless rollout to commence in February 2018
- NBN available at the end of 2018 within Merredin townsite

Corporate Business Plan Actions

- Seek regular status of telecommunication plans and inform the community the current status of all telecommunications projects and services
- 2. Investigate opportunities associated with NBN

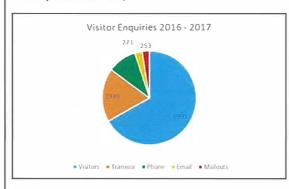

5 U

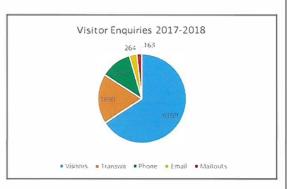

SP.D1.5 - Facilitate further development of local and regional tourism

- Renewal of Signage
- Shade Shelter & Interpretative Signage at Visitor Centre precinct
- Implementation of local tourism famils
- Local Strategic Tourism Plan
- Eastern Wheatbelt Tourism Plan

VISITOR SERVICES

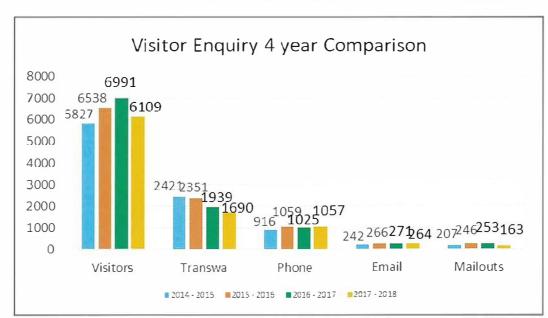

The Central Wheatbelt Visitors Centre (CWVC) continues to be the dominant hub visitor centre and professional servicing point for Merredin and the Eastern Wheatbelt. Staff provide a professional level of visitor servicing and call to action for Australia's Golden Outback (AGO) and Wheatbelt cooperative marketing campaigns. The centre is currently open Monday to Friday 8:30am to 4:30pm.

Above graphs indicates comparison of the visitor servicing enquiries between 2016/17 and 2017/18

Developing

Graph indicates a 4 year comparison of the visitor servicing enquiries

Graph indicates a steady increase of website visitation over a 6 year period

Annual Licence & Membership Renewals

The CWVC is committed to provide a professional accredited Level 2 regional visitor centre and with this obligation, a number of annual licences and memberships are required. The Tourism Council WA conducted an onsite Australian Tourism Accreditation Program (ATAP) assessment in February 2017 as part of their requirement for procedures and policies. A certificate of accreditation for 2017/18 was awarded.

- ASIC Australian Business Name -- Renewal due April 2019
- Tourism Council WA Ltd-- Renewed June 2018
 - Australian Tourism Accreditation Program (ATAP)
 - VCWA Visitor Centre Golden I Membership
 - VC Level 2 Membership and Marketing Levy
 - Tourism Council WA Bronze Membership
 - Italic I Marketing
- Australia's Golden Outback (AGO) Gold Membership renewed June 2018

Australia's Golden Outback (AGO) / Wheatbelt Cooperative Marketing & Trade Shows

The CWVC continues to support AGO in regional tourism promotion including:

- 2018 Perth Caravan and Camping Show staff coordinate and attend this important trade show annually supported by sub-regional tourism professionals.
- 2018 VIC Caravan & Camping Show the Tourism Officer travelled to Melbourne to represent the Wheatbelt and AGO for Tourism WA to the Victorian self-drive market.
- The CWVC Manager remains the current Wheatbelt Representative on the AGO Board with the two year term expiring in October 2019.

AGO Cooperative Advertising - Weekend West Australian & Sunday Times Travel Section

- 3 x Wheatbelt Self Drive Trail Pioneers' Pathway and Golden Pipeline
- 1 x Wheatbelt Wildflowers Pioneers' Pathway and Golden Pipeline in cooperation with NewTravel for the Wheatbelt Way

Event Packages

The Visitor Centre now has Visitor Packages to promote Merredin accommodation/Cummins Theatre/tour with Transwa rail options http://www.wheatbelttourism.com/packages

Other Advertising - Annual Holiday Planners, Tourism & Community Publications

CWVC continues to support annual marketing tools for the promotion of Merredin including:

- AGO Holiday Planner 2018
 - Self-drives Pioneers' Pathway and Golden Pipeline Heritage Trail
 - Shire of Merredin full page town and attraction information
- Merredin and Districts Community Phone Directory CWVC Services

Regional Tourism Promotion

- Edition 4 of The Eastern Wheatbelt WA A Visitors' Guide -. 25,000 copies distributed state wide. Edition 5 is in the process of a reprint due out October 2018
- Under the banner of the Eastern Wheatbelt Tourism Group, NewTravel, Roe Tourism Association, CWVC for WEROC and member Shires of Cunderdin and Tammin continue to hold quarterly meetings developing regional tourism initiatives that benefit all EW sub-regions and strengthening the Eastern Wheatbelt tourism.

WEROC App & WEROC Website

The CWVC Tourism Officer continues to manage the Wheatbelt East Regional Organisation of Councils (WEROC) app with data collection for businesses and tourism attractions and events updated as required.

Central Wheatbelt Visitor Centre Membership

Working towards a more sustainable future, the CWVC continues the annual initiative to call on membership support from all businesses in the Eastern Wheatbelt currently listed on wheatbelttourism.com. Four levels of membership were offered including an affiliate/not-for-profit level 4.

Central Wheatbelt Tourism Website

www.wheatbelttourism.com continues to be managed in-house by the CWVC Tourism Officer monitoring a steady increase in visitation to the site.

Retail & Consignment Stock

Continue to increase consignment stock from local produce, products and regional arts and crafts suppliers building up a range of regional handmade items.

Increasing our Wheatbelt historical and natural history publications, many of which are sold from the list of publications on our website.

Local Initiatives

- The 'Explore Merredin' Brochure including town and regional map continues to be the key marketing tool for the Shire of Merredin and is distributed by the CWVC to the Eastern Wheatbelt and state VC's as requested.
- Merredin Tourism Group continues to work collaboratively with CWVC Member businesses, the Museums' volunteers and interested community members to develop and increase the interest of Merredin's attractions through famils and community awareness opportunities.
- CWVC continues to work with FORM to promote and market the Public Silo Art Trail
- CWVC continues to work with National Trust WA to promote and market the Golden Pipeline Heritage Trail
- CWVC continues to work with AGO and Transwa to promote Cummins Theatre event packages to the Perth market
- Created a local Merredin Bird Guide printout for visitors

Regional Visitor Centre Sustainability Grant Application

Round 3 - Projects funded and completed for this third and final round

- Project 1 Improving Image & Appearance
 - Custom book shelves, a visitor counter and seating with a USB & power charging facility, a new CWVC public notice board and upgrade of the centres public seating area with a TV monitor.
 - A second external window decal with Australian War Memorial historical images of the WWII Australian General Hospital site at Merredin Peak
 - Six Interpretation Panels inside the centre depicting the history and development of Merredin
 - CWVC branded sign for the front exterior wall
- Project 2 WIFI hotspot for CWVC
- Project 3 Staff Training: Social Media Tourism Workshops for whole of region, Certificate III Tourism for CWVC
- Project 4 External bike rail to secure e-Tricycles to for hire

As a funding requirement the CWVC staff underwent a Tourism Boost Visitor Centre Stream mentorship in online bookings and visitor centre experience packaging.

Corporate Business Plan Actions

1.	Implementation of identified strategies in the CWVC Business Plan	
2.	Provision of relevant tourist information and marketing services	ن ت
3.	Provision of support for local festivals and events	ن ت
4.	Support a coordinated approach for tourism promotion and management	ڻ ت

SP.D2.1 - Facilitate and develop alternative housing for professionals and workers

- Construction of 2 x 3 bedroom executive homes
- Provision of housing through lease arrangements between the Shire of Merredin and Department of Housing and local medical practitioners

Corporate Business Actions

Advocate for the development of affordable accommodation for workers and young professionals

SP.D2.2 – Collaborate and facilitate the development of aged accommodation

Funding confirmed for the construction of 26 Independent Living Units to be located at the North Merredin Primary School

Corporate Business Plan Actions

Support CEACA Incorporated in the implementation of identified outcomes outlined in the Verso Report to construct 50 independent living units within Merredin to accommodate seniors

SP.D2.3 – Facilitate the improvement of housing conditions through: advocacy in relation to the condition of public housing, as a housing developer and in encouraging community pride.

The Shire's Environmental Health Officers conducted regular inspections of caravan parks, lodging houses, bed and breakfast and other public accommodation facilities for compliance with legislative requirements relating to the provision of essential services such as adequate numbers of bathroom, toilet and laundry facilities. This included the level of hygiene of the premises and provision of emergency escape, fire detection and firefighting appliances.

Corporate Business Plan Actions

Develop and implement an accommodation plan to include the construction of residential dwellings

SP.D3.1 – Collaborate with neighbouring Shires (and beyond) for the benefit of the region as a whole

- Development of WEROC app and website platforms
- CEACA Incorporated project to construct 72 independent living units to accommodate seniors within 11 Councils
- Wheatbelt Communities established to enable economic development in the region
- Continued Tourism Service MoU between WEROC Shires and Shires of Cunderdin and Tammin

Corporate Business Plan Actions

Continue to progress regional collaboration by participating in Wheatbelt East Regional Organisation of Councils strategies and similar regional partnerships

SP.D3.2 - Seek external recognition, support and funding for Merredin's ongoing development, including as a regional centre

- Assisted the Wheatbelt Development Commission to develop the Draft Wheatbelt Tourism Growth Plan
- Worked with the Wheatbelt Development Commission to prepare the application for the Regional Centre Development Fund

Corporate Business Plan Actions

Actively seek external funding to support identified projects and initiatives

SP.D3.3 – Advocate for State infrastructure and service investments to enhance the functioning of the Eastern Wheatbelt

Advocacy undertaken when the opportunity arises,

Corporate Business Plan Actions

Work collaboratively with relevant State agencies to plan for future service infrastructure needs

SP.D4.1 - Implement accountable and good governance

Achievement of best practice in corporate governance is a major responsibility of Council. It entails the consideration and approval of Shire policies, strategic direction and resource allocation, as well as monitoring Shire performance, progress towards targets and use of resources. All policies and procedures implemented and all Compliance requirements have been met.

Of the 63 actions identified in the IPR Suite of Plans, 8 actions were fully completed, 44 are ongoing, 3 have not yet been commenced, 3 have commenced, 2 there are no current opportunities to activate the programs and 3 actions were

A review and update of the existing Council policies was progressed during 2017/18. The review will confirm relevance and alignment between policies and will also help identify any areas which need to be addressed.

Corporate Business Plan Actions C Monitor, report and review IPR Suite of Plans 2. Ensure policies, procedures and practice are effective, transparent and aligned with program C

SP.D4.2 - Enhance interactive communication between the Shire and community

On occasion when asked for feedback the community regularly communicates that they feel there isn't enough information provided to them by the Shire regarding events and other activities undertaken by Council. In 2017/18 the Shire has continued the same practices as usual and introduced others to improve communication. The methods of communication utilised by the Shire in 2017/18 include:

- Implementation and distribution of a monthly newsletter (known as 'Shire of Merredin Community News & Information)
- Publication of articles featured in the Phoenix newspaper fortnightly from the Library and Cummins Theatre and a 1 page feature of the Shire's most newsworthy articles from its newsletter on a monthly basis
- Daily posts relating a variety of topics on the Shire's social media channels which are Facebook, Instagram and
- Introduction in March 2018 of the 'Share It Blare It' campaign on Facebook. This great initiative is all about sharing details relating to community events, job opportunities, business promotions, etc. which are happening in and around Merredin. Events for Shires bordering Merredin are also promoted. Feedback has consistently related that community members would have attended an event if they knew it was on so this initiative has been great for helping community groups and business to gain extra exposure to new audiences by sharing information through the Shire's Facebook page
- Updates as necessary on the Shire website
- Publication of the Annual Report which relays the achievements of the Shire for the past financial year
- Conducting an Informal Community Forum in June 2018. This was attended by approximately 40 community members who's feedback will be presented to Council as a series of actions to be undertaken at Council's July 2018 Council Meeting
- Ad hoc interaction at various community events
- Liaison conducted as per the Shire's Customer Service Charter with community members who visit the Shire Office, Library, Visitor Centre and Cummins Theatre
- Stylised posters for Shire events in bright, eye-catching colours posted on the side of bins in the main street of Merredin and notice boards around town 3-4 weeks in advance of the event itself

In 2018/19 it is envisaged that communication methods will continue to be built on with the following initiatives to be undertaken:

- Creation and implementation of a Communication & Engagement Plan
- Review and restructure of the Shire's website
- Development of a social media content strategy to ensure that information is being relayed to community members at the optimal times

Cor	Corporate Business Plan Actions		
1.	Communicate with the community through various mediums	ڻ ت	
2.	Engage the community in decisions which affect them	₽ U	
3.	Provide a quality customer service to the community	Ü	

SP.D4.3 – Practice prudent management of financial resources

The Shire was successful in obtaining a range of grant funds over 2017/18 including:

FUNDING BODY	PROJECT	AMOUNT
Department of Transport	WA Bicycle Network Grants - DUP, CBD & Rail Crossing	\$40,000
Department of Local Government & Communities – Country Local Government Fund	Youth Development Program	\$10,000
The Department of the Environment & Energy	Goldfields Water Supply Scheme – No. 4 Pump Station	\$45,800
	Cummins Kids Expansion Program	\$14,080
Department of Local Government,	Kidsport	\$13,500
Sport & Cultural Industries	Country Local Government Fund – Youth Development Traineeship Program	\$17,995
Tourism WA	Regional Visitor Centre Sustainability Program – Round 3	\$20,239
Returned & Services League of Australia	ANZAC Day 2018	\$600
	Engaging Landholders to combat vegetation decline within the Shire of Merredin	\$20,000
Wheatbelt Natural Resource Management Inc.	Promoting Electric Vehicle Viability in the Wheatbelt – 2017 Sustainable Community Grants	\$13,985
	Inspiring Saline Water Processing & ReUse – 2017 Sustainable Community Grants	\$8,000
	Audience Development (Cummins Theatre)	\$73,840
Lotterywest	2018 Community Events – School NAIDOC, Cummins Theatre 90 th Birthday, Armistice Day, Gala Night, Twilight International Food Festival, ANZAC Day & Destination Merredin	\$9,000
Collgar Community Fund Pty Ltd	2018 Community Events – Twilight International Food Festival, ANZAC Day, Museum Open Days, School NAIDOC, Cummins Theatre 90 th Birthday, Armistice Day & Gala Night	\$19,925

Corporate Business Plan Actions

- Deliver long term financial planning for asset replacement and new capital projects
- Continue to provide prudent financial controls and compliance systems

SP.D4.4 - Develop an innovative, empowered and responsible organisation culture

The Shire strives to empower its Councillors and staff so that by extension they have the knowledge and training to perform their duties to the best of their abilities and ensure that adequate service is being provided to the Merredin community. As such, Councillors and staff undertook the following types of training during 2017/18:

- Various WALGA workshops and training sessions (new Councillors and staff)
- Department of Local Government, Sport & Cultural Industries workshop (new Councillors)
- Department of Transport course (licencing staff only)
- Moore Stephens (WA) Pty Ltd 2017 Nuts & Bolts Financial Essentials Workshop (staff only)
- IT Vision Training Workshop (records management staff only)
- Dangerous Dogs Assessing & Handling Course / Conference (staff only)
- 2017 WA Ranger Conference (staff only)
- Environmental Health Association 2017 State Conference & Workshop (staff only)
- Royal Life Saving Society Life Guard Training (swimming staff only)
- Diploma in Local Government Administration (community services staff only)
- Age Friendly Communities Professional Development Day (tourism services staff only)
- WA Regional Tourism Conference (tourism services staff only)

Developing

- Better Practice Program Managing Social Media Impacts Forum (media & communications staff only)
- Content Marketing Workshop with Meg Coffey (tourism & communications staff only)
- LGIS Fire Management Workshop (staff only)
- LGIS Operational Leadership Course (finance staff only)
- DFES Training Courses being Sector Commander, Community Engagement, Bushfire Community Safety Messages, Ground Controller, Crew Leader Bushfire, Advanced Bushfire Firefighting, Machine Supervision, Pump Operations and WAERN Basic Radio Use (ranger services - staff only)

Documents instrumental in the operation of the Shire of Merredin can also date so during 2017/18 the following documents were reviewed and updated:

- Policy Manual
- Strategic Resource Plan 2016 2031
- **Delegations Register**
- Risk Management Framework specifically Internal Control and Legislative Compliance and Risk Management Governance Framework
- Shire of Merredin Community Facilities Report
- Annual Budget
- **Business Continuity Plan**
- Strategic Community Plan (to be adopted July 2018)
- Corporate Business Plan (to be adopted July 2018)

Corporate Business Plan Actions Implement continuous improvement plans C 2. Implement appropriate staff development and training programs C 3. Develop and foster a strong, supportive and respectful corporate culture C

Lineable

SP.L1.1 - Continue to take a proactive advocacy role to support the provision of medical facilities and services to meet the needs of the local and regional community

- Assisted with the redevelopment of the Merredin Hospital
- Supported the relocation of the medical and dental practices
- Supported the opening of the chiropractic service
- Three current leases providing accommodation to health professionals

Corporate Business Plan Actions

Assist where possible with the provision of accommodation for health professionals by way of a formal commercial lease utilising Council's existing housing inventory

SP.L1.2 – Continue to assist with the facilitation of aged care services

- Implementation of the Aged Friendly Community Plan
- Development of the CEACA project (Independent Living Units) continues
- Continued support of the Merredin Senior Citizens
- Provision of senior specific activities and events
- Implementation of the Gold Club at the MRCLC
- Continued lobbying through CEACA Inc to ensure the necessary services to support aged care are accessible to Merredin

Corporate Business Plan Actions

Through CEACA Incorporated, the Shire will continue to lobby the Federal and State Governments to ensure the necessary services to support aged care are accessible in Merredin

SP.L1.3 – Assist with raising local awareness of what health services are available to the community

This strategy has been removed for the Strategic Community Plan upon review as no opportunities to complete it have been forthcoming.

Corporate Business Plan Actions

Assist with the development and publication of a local medical and community services directory

SP.L2.1 – Maintain an efficient, safe and quality transport network

ENGINEERING SERVICES

Council has continued with its commitment to enhance roads, footpaths and drainage infrastructure within the Shire. This is achieved through the utilisation of its own financial resources and funding from the following external sources:

Federal funding:

Roads to Recovery Program

State funding:

- State Blackspot Program
- Regional Road Group

Council is also keen to utilise new technology and resources where available to enhance efficiency and create improved operational practices. As 2017/18 draws to a close Council and staff have been working to develop and implement software technology known as Assetfinder. It has a high level of GIS integration and allows for real-time visibility of the Shire's entire asset network. In future it is hoped that this software program will reveal trends, patterns and correlations that will lead to time and money being saved in the implementation of the Shire's annual roadworks program.

Corporate Business Plan Actions

1.	Implementation of the Ten Year Construction Program	ひ
2.	The Shire will advocate the option to install a pedestrian crossing on the Great Eastern Highway	ŭ
3.	The Shire will promote and communicate the annual construction program providing regular updates	ŭ
4.	Ongoing implementation of the footpath program	ŭ

SP.L2.2 - Investigate opportunities to consolidate Shire owned facilities and

The Community Facilities Review (Stage 1) report was finalised in December 2017. Stage 2 forms part of the Communities Facility Review. The North Merredin Primary School Redevelopment Implementation Plan has been completed and discussions with potential funding bodies have been undertaken and preparation for grant applications has commenced.

Corporate Business Plan Actions

1.	Review and implementation and rationalisation options for recreational and community facilities and
	services

Develop and implement Stage 2 of the North Merredin Primary School Redevelopment

SP.L2.3 - Develop, maintain and support appropriate recreational facilities and services through the Shire

See 'Recreation Services' under strategy SP.11.1 which addresses this strategy.

Corporate Business Plan Actions

Implement renewal projects in accordance to the Strategic Resource Plan

2. Implementation of strategies and actions identified in the MRCLC Business Plan

SP.L2.4 - Partner with stakeholders to achieve greater community participation in recreational facilities and services

Provision of administration to support Kidsports Program. Implementation of MRCLC Business and Management Plan. See Strategy SP.L2.3 on page 31 for further details.

Corporate Business Plan Actions

Development and implementation of MRCLC annual programs plan

SP.L3.1 – Protect and promote the Shire's diverse culture and heritage

The Shire of Merredin maintains a Local Heritage Inventory which currently has 59 premises listed on it as being of significant local heritage and cultural value.

Any proposed development is vetted against the Local Heritage Inventory to ensure that it does not adversely affect heritage listed sites.

Corporate Business Plan Actions

Support the preservation of heritage buildings and significant sites

2. Support projects that preserve and promote the Shire's historical artefacts and memorabilia

Strategy SP.L4.1 - Enhance the public amenity and functionality of Merredin

CBD UPGRADES

As part of the CBD Upgrades - Stage 1 additional park benches and shelters were constructed on Barrack Street. The new RV parking area was sealed and marked for visitors. Several areas of the car park were resealed and additional kerbing constructed. New pathways were constructed around the CWVC and across to Great Eastern Highway to create

New tourism signage was also installed at Pioneer Park and at the Merredin Regional Community & Leisure Centre. New bins with historical memorabilia photos were designed, commissioned and then positioned along Barrack Street.

BUILDING SERVICES

The Shire utilises a registered builder in the position of Building Project Manager who acts as the Main Contractor in any building capital works and coordinates the yearly maintenance program.

During the reporting period the following major projects were undertaken:

- Ongoing Strategic Planning of Council's building assets:
- CBD Upgrade Stage 1 (officially opened 14 April 2018);
- Town Signage renewal (as necessary):
- Painting of signal box at the Railway Museum;
- Upgrades to Shire housing specifically 5 Dobson Avenue:

- Upgrading of kitchen appliances at Cummins Theatre;
- Installation of automatic doors and exterior painting of Old Town Hall;
- Installation of solar panels at Merredin Regional Library and the Central Wheatbelt Visitor Centre; and
- Demolition of the old Scout Hall and old Bowling Club.

TOWN MAINTENANCE

The crew had another busy and productive year performing their duties which included gardening, slashing, spraying and the maintenance of the Recreation Centre oval and town parks and surrounds.

Corporate Business Plan Actions Implement the CBD redevelopment project: Stage 1 (renewal of carpark and streetscaping) × 2. Implement the CBD redevelopment project: Stage 2 (improve functionality of Barrack Street) 3. Enhance entries into Merredin C 4. Progressively renewal direction and attraction signage 5. Progressively renew public open spaces to include public amenities, parks and gardens within C Merredin

SP.I1.1 - Maintain a community that is well informed, creating opportunities for community involvement and supporting a caring and healthy community

LIBRARY SERVICES

As part of the State Library of Western Australia (SLWA) Regional Services program the Merredin Regional Library continued its support of libraries in the Wheatbelt. Shires supported include Bruce Rock, Kellerberrin, Mt Marshall, Mukinbudin, Narembeen, Nungarin, Trayning, Westonia and Yilgarn.

The support offered included staff training, workshops, meetings and remote assistance with library operations and lending. This support is funded by the SLWA and the participating local governments.

The library continued to engage with the local community through a number of activities including:

- Storytime held in the Library on Tuesday mornings throughout the school term, MADCAPS on a monthly basis and on Thursday and Friday mornings at Merredin College;
- participation in the Family Fun Days held in conjunction with Amity Health;
- continued support of the Tales of Times Past Senior Storytellers and hosting the weekly Yorga's/Noongar Women's Yarning and Craft Group:
- Opened the Merredin Memorabilia Room and hosting an event for visitors from the RSL;
- Hosted the Boomerang Bag sewing sessions;
- Hosted a consultation for the future of the WA Museum:
- hosting authors Robina Haines, Hellie Turner, Karina McRoberts and Anthea Hodgson;
- again hosting a Pink Morning Tea raising money for Cancer Research; and
- school holiday programs run in July, October, January and April.

Library staff work continuously to ensure that all library visitors feel welcome and have access to new stock or required information

Funding was acquired from Lotterywest to create a memorabilia area / reading area in the library. The Merredin Memorabilia Room was opened in November 2017 with the collection including items on either temporary or permanent loan from local community members. The collection continues to grow and is dedicated to the social history of Merredin.

The Library continues to offer free access for library members to eBooks, eAudiobooks, eMagazines and now Kanopy (video streaming) through the WA Public Library Digital Media Collection and the SLWA.. The Merredin Library has also been working towards achieving its eSmart accreditation and as such has access to a number of resources to help people use eResources in a safe and effective manner.

The library also provides its members free access to online tutorials through its subscription to The Computer School. Members can access over 10,000 tutorials, from the comfort of their own home, covering topics such as Windows10, digital photography, using social media, coding and much more. A new Literacy platform, Ziptales, has also been added to Merredin Library's suite of eResources. This allows children to work from home to improve their literacy skills at their own

The Library's catalogue continues to be available online for members to search or renew their borrowed items. The catalogue can be accessed via library.merredin.wa.gov.au.

RECREATIONAL SERVICES

The daily operational management of the Merredin Regional Community & Leisure Centre (MRCLC) is contracted to Belgravia Health and Leisure Pty Ltd. Where able, the Shire supports events and initiatives run by the MRCLC - in particular if it provides a service to the community that is otherwise not available. Generally Shire support consists of designing posters for sporting events and assisting to advertise the event through social media via the 'Share It - Blare It'

Shire support also extends to the maintenance of the sporting oval, cricket pitch and hockey/tennis turf.

Separate to the MRCLC the Shire operates the Merredin Olympic Swimming Pool and ensures the maintenance of the grounds and pool facilities.

Sporting Events and Fixtures

All winter and summer sports had successful fixtures and final games. The cricket club won their competition, the bowling club won two individual player championship matches for the season and the ladies won their grand final of pennants. Country week basketball had all age group levels represented from Merredin Basketball and the golf club hosted another very successful Sands tournament. Little Athletics returned to the MRCLC for their 2017/18 fixtured season and Tae

Kwondo was offered by a private contractor July to May 2018. Soccer was introduced as a 'have a go' sport in the early months of 2017 with limited success however in February 2018 a group of parents organised a skills, coaching session which has led to a local club being formed with about 50 primary school age children in regular attendance.

Aquafit classes were delivered by trained instructors and all were well supported until the winter months. Classes stopped in June 2018 and will resume in October 2018. Infant swimming/water safety classes have continued and have been well supported throughout the year. The introduction of learn to swim classes for all ages has seen increasing numbers including three adults. 'AquaBalance' is a new programme introduced in May.

The winter sports carnival for the Wheatbelt region was held in August 2017 with over 150 children attending this one day carnival of netball, football and hockey. A well run event by a community committee.

Other Programmes

A 0-4 program was facilitated by staff on a weekly basis. The program focussed on social and creative activity and physical exercise. It is another program weather conditions affect the attendance of. The MRCLC have supported the community 0-4 program that facilitates 4 family events each year and the baby bootcamp held in the stadium was very successful with 53 participants plus parents.

The Gold Club is a weekly activity based programme for over 50s. Activities include sports, dancing, memory games, healthy living, music, trips to other close range towns and tourist sites and there are 15-20 regular participants. In January 2018 a group of 14 went to Tasmania on a 10 day trip. It was one of the group's 'bucket list' priorities.

Other Programmes & Events Held

- Fun Run event supporting the MRCLC programmes for people living with disability
- School Holiday programs mainly all sports based activities
- Youth Week WA grant received \$1,500; cooking, basketball, pallet recycling, first aid, archery, soccer
- 12 x birthday parties
- GOLD Club for active seniors held weekly
- Bingo held weekly
- Rock n Roll Night
- Sydney Hotshots
- Chinese New Year
- Melbourne Cup luncheon
- High profile boxing match on FOXTEL
- EWEYN events for 0-4 years including Baby Boot Camp (held on 15 June) and Spring in the Garden (held on 7 September) were hosted and supported by staff. Children's Week Messy Play Event to be held in October and Pool party Date held in December.
- Supervised parent child meetings
- Funeral wake
- Quiz Nights 5 nights over 5 months fundraising for sports groups
- Corporate/Private functions and meetings

Initiatives

In November 2017 is was recognised that there was a marketing gap for evening food services to the community with the unfortunate fire event that destroyed the Chinese restaurant and then the closing of another food premises in the main street. The restaurant service opened on 29 January 2018 with a Monday to Friday dinner service out of the Grandstand Bar. A local chef was employed along with other casual staff to cater for the operation. It has been successful in providing a very good choice of evening dining to the community and our visiting tourists. Friday night meals was previously an opportunity for sports groups to fundraise under their own risk and using their volunteers. So that all sports groups did not lose that fundraising option, the MRCLC offered a 50/50 profit share arrangement with groups with them providing volunteers to deliver meals and clear tables. From February to June 2018 over \$7,000 was shared back to the sports groups.

In October 2017 the idea of an indoor playground was discussed to better utilise the large empty space at the west end of the MRCLC building. This project was consulted, scoped, costed, proposed and was approved in June 2018. It is now expected to be operational by November 2018.

Staffing

One full time centre manager, one part-time administrator, one part-time programme co-ordinator and a part-time chef are our permanent staff. The resignation of our full time bar manager changed the position to a part-time role and casual staff covering the operational service hours.

Tuelusine

Facility Maintenance

Maintenance of the building included a full deep clean of the kitchen and bar area along with all carpets and chairs steam cleaned twice during the year. The pool plant, air conditioners, glass/dish washers, stadium floor scrubber, water heaters and gas ovens were all fully serviced. All other maintenance was minor repairs.

General

The MRCLC facility is one of the best facilities for social community and sporting events in the region. It is a privilege to manage it for the whole community. Feedback from the community has been both supportive and complementary and also encouraging that the centre is meeting their needs. Continuing to do so means taking action on their ideas and delivering fun recreational uses of all the facilities all age groups and interests.

NATURAL RESOURCE MANAGEMENT

Re-vegetation

The Shire of Merredin was successful in obtaining \$20,000 (ex GST) for two revegetation projects. The projects will see the planting of nearly 13,000 biodiverse native seedlings in the next financial year around July 2018. The project also covers the erection of 4.2 kilometres of fencing. These revegetation sites will connect existing patches of remnant vegetation.

Feral Pests

The Shire of Merredin was successful in receiving \$12,955 (ex GST) in funding from the State NRM Office for a project called, 'Overcoming Barriers to Baiting' in the Eastern Wheatbelt. The project also covered the Shires of Mt Marshall, Nungarin, and Trayning. Four 1080 accreditation workshops were held resulting in sixteen new 1080 permit applications across the region. By 30 June 2018, 1,400 fox and wild dog baits had been provided to eligible participants.

Corporate Business Plan Actions

1.	Support the development of youth infrastructure, spaces, youth education and engagement programs	Ŋ	
2.	Involve youth in a more central role in community planning	ŭ	
3.	Support early years initiatives and programs	Ü	
4.	Aged Friendly Community: support and promote identified initiatives and programs		
5.	Support (directly and indirectly) events and activities that encourage and enhance community pride and cohesion	ひ	
6.	Review and implement the Disability Access and Inclusion Plan to guide operations and services to ensure they are inclusive of all members of the community	ŭ	

SP.I1.2 – Provide services and processes to enhance public safety

HEALTH SERVICES

During the reporting period the following major projects were completed:

- Annual lodging house, Caravan Park, food and public buildings inspections;
- Annual inspection of hairdressers and beauticians;
- A number of written requests were issued to food business proprietors relating the Food Act 2008 and have been complied with:
- Certificates of approval were issued for most of the public buildings;
- Swimming pool inspections have been completed as part of the 4 yearly cycle of inspections under the Building
- The domestic/commercial waste management contract with Avon Waste is going well;
- 2x Health Act 1911 Unfit for Human Habitation notices were issued (resulting in the demolition of 2 substandard dwellings).
- 2x Building Orders under the Building Act 2011 were issued (resulting in the demolition of 2 substandard dwellings).
- 4 x septic tank and leach drain installations were approved with permits to use issued;
- All compliance and annual reports were submitted to the relevant State and Federal agencies;
- Implementation of a regular mosquito surveillance and treatment program; and
- Participation in the audit of the Shire of Merredin Waste Water Reuse Scheme.

The Executive Manager Development Services is involved with a number of departmental working groups and has had input into the development of Public Health Act 2016 related legislation.

Staff have been working proactively with the local community to improve public health standards and it is pleasing to note that there is a general acceptance in the community of the need to improve public health practices and standards with respect to food and public building requirements.

PUBLIC CLOSED CIRCUIT TELEVISION (CCTV)

CCTV systems have been maintained and we are currently upgrading our CCTV system to ensure we have a good system that covers the requirements of the Shire and public safety.

RANGER SERVICES

The Shire Ranger has become more visible within the community and is taking a more proactive role in relation to laws enforcement, dog related issues, illegal dumping and bush fire regulation enforcement. This has resulted in the successful prosecution of two dog owners.

During the 2017/18 bush fire season 71 infringements were issued in relation to noncompliance under Section 33(3) of the Bush Fires Act 1954 for failure to comply with the Shire of Merredin's Firebreak Order. 41 were paid via the Shire, 25 sent to the Fines Enforcement registry and 5 withdrawn.

A number of infringements were also issued during the reporting period to persons parking in a parking bay reserved for use by people with a disability. The relevant bays are clearly marked and there is no excuse for an abled bodied person to utilise these bays given that there is plenty of parking available within the Merredin CBD.

There were 4 occurrences of illegal dumping of waste materials but all were of a minor nature.

It is pleasing to note the community is generally supportive of the efforts being made in the areas of need.

VOLUNTEER BUSH FIRE BRIGADES

It was ascertained that a large number of the members of the brigades had not completed the basic required courses to be active volunteers. It was resolved at the Bush Fire Brigades (BFB) AGM in March 2016 that all volunteers would, by the March 2018 AGM, have completed the two courses.

To date 24 members have completed the 'Introduction to Fire Fighting' courses and 2 members have followed up and completed the 'Bush Firefighting' course. The participants of these two courses have informed us that the courses were very good.

All BFB vehicles have now also been fitted with automatic vehicle location systems and in-cab crew protection and vehicle deluge systems.

Cor	porate Business Plan Actions	
1.	Support provision of emergency services	Q
2.	Enhance CCTV systems to uphold public safety standards	U

SP.I1.3 - Support provision of facilities and services for arts and cultural programs

The Council allocated funds to the following community events throughout the 2017/18 year. Some of these events will be held in 2018/19.

Food Festival	\$6,275
ANZAC Day	\$7,100
Official Opening of Rolling Stock Cover	\$7,700
NAIDOC Celebrations	\$8,800
Cummins Theatre 90 th	\$18,300
Armistice Day 2018	\$8.000
Gala Night	\$14,000

COMMUNITY GRANTS

Each year Council allocates funds to various not-for-profit organisations which operate within the Shire. The Community Grant Scheme is designed to provide benefits to Shire residents through recreational, sporting, social or cultural means.

The aims of the Shire of Merredin's Community Funding Program are:

- To encourage the development of services, facilities and events that meet identified community needs; 1.
- To promote active participation of local residents in community initiatives and the development of skills, knowledge 2. and opportunities:
- 3. To provide assistance to the community to develop initiatives and services that support the Shire of Merredin's own objectives; and
- 4. To enhance the image of the Shire of Merredin within the community.

In March 2018 the Shire called for applications to be made for the Community Grant Scheme. In the 2018/19 Annual Budget a total of \$23,259 will be allocated to the following organisations which applied and were successful.

Recipient	Cash	Venue Hire	Job Costs
Merredin Community Resource Centre	\$2,400	\$1,200	
Merredin Repertory Club auspicing A Choired Taste		\$858	
MADCAPS	\$980		
Merredin Agricultural Society		\$8,500	\$1,700
Wheatbelt Events Committee		\$1,100	
Merredin Fine Arts Society		\$2,321	
Merredin Sports Council	\$500		
Merredin College		\$1,200	
Merredin Military Museum	\$2,500		
TOTAL	\$6,380	\$15,179	\$1,700

COMMUNITY SERVICES - CUMMINS THEATRE

It is an exciting time at the Cummins Theatre as we continue in our goal to be the central hub for arts and culture in the Central Eastern Wheatbelt. Our 2017/18 financial year built on the success of previous years as the theatre offered a program of live performances, workshops, simulcasts, classes and private events ensuring all members of the community could become actively involved.

Live Performances

The Theatre continues to delivered a diverse program of its first full year of live performance under its new programming model first introduced in late 2015. The new model is designed to offer performances for all members of the community under varying program streams.

Lunchtime Escapes

Lunchtime Escapes were introduced to encourage audiences to attend the Theatre during the day for short bi-monthly performances across a variety of genres. The Theatre hosted 'A Fine Romance - The Music of Fred Astaire'. International

singer Cassandra Kotchie, Brianna Louwen and a performance of 'A Town Named War Boy' including Opera (Brianna Louwen), Musical Theatre (Michael Griffiths in 'Cole and A Leading Lady in Waiting' by Kimberley Diane), Drama ('Shadowboxing' by Black Swan State Theatre Company), and Comedy ('Barry Morgan World of Organs'). The performances were well received with over 200+ individuals attending the shows, many for the first time.

Wheatbelt Touring Circuit

A partnership between West Australian Music (WAM) and the Cummins Theatre saw the introduction of live music concerts by visiting and local artists. In total the Theatre hosted 4 concerts, all of which featured Merredin musicians supported by artists from Perth. It has been some years since the Theatre hosted live contemporary music and the concerts were well received with all at 90% capacity or more.

Theatre Education Program

This newly introduced stream of programming saw a variety of 4 theatre productions brought to the Cummins Theatre. Specifically for school audiences there was 'Shadowboxing' by Black Swan State Theatre Company, 'Oddysea' by Sensorium Theatre, 'Awesome Festival Roadshow' and 'In A Dark Dark Wood' by Barking Gekko Theatre Company. 'Family Fun Festival Day'. 'Cosi', 'Squisher and Squasher', 'The Lighthouse Girl', 'A Town Named War Boy' (ATYP), 'Bambert's Book of Lost Stories' (Barking Gecko Theatre Co) and Josephine Wants to Dance' (Monkey Baa). Each performance was supported with curriculum documents accessible to schools and the opportunity to get up close with artists through workshops, question sessions and backstage tours. In total 5 local schools attended the performances with over 1,200 students participating in the program.

Main Stage Productions

Our Main Stage productions continue to improve in quality and diversity with performances ranging from comedy, live music, cabaret, musicals, dance and family friendly performances. Special performances including 'Always...Patsy Cline', Michael Griffiths Cole and 'Rumour Has It' were supported with dinner prior to the performances with all shows selling out of dinner and show tickets. Ticket sales across all shows have increased by 50% on the previous financial year. Some notable performances were - 'Opera in the Park' simulcast, 'Menopause the Musical', 'WAYJO', 'Bambert's Book of Lost Stories' and 'The Lighthouse Girl'.

There has also been more effort to link live performances to workshops with many of the main stage shows being supported by community arts based workshops in an effort to increase audience numbers and increase the number of community members participating in workshop programs.

Cummins Kids

The Cummins Kids program continues to expand and has seen some amazing initiatives for young people aged 5-17 years engaging with professional arts workers and creators. Programs run have included:

- Christmas Wonderland a week long activity workshop where children could visit the North Pole, create a different Christmas craft each day, and experience the joy of Christmas in the surrounds of the Cummins Theatre
- Photography Workshop with visiting artists from Camera Story, children learned the skills to take their own photographs culminating in a public exhibition
- Small Voices Louder children learned about the big questions in life and created audio recordings that were later used in a public exhibition of artworks
- Film Bites film making workshop
- Cummins Kids and Craft

Workshops

2016/17 saw the expansion of the workshop program at the Cummins Theatre. Previously the theatre had offered ad hoc workshop opportunities with visiting artists but in 2017/18 this was expanded further to include local artists who could teach skills more regularly. Throughout the year a number of workshops were run including learning skills in singing, dancing, acting, hair styling, make-up, cooking, costume design, backstage duties, set design and construction, lighting, and many others.

Funding

The theatre continues to work towards reducing financial loss and seeks to increase its funding applications which serve to benefit the community through exciting new arts initiatives. Funding bodies have been responding positively to our initiatives and continue to support our projects through guidance, invitations to attend funding feedback sessions, and assisting with future planning.

Tuelusine

New funding opportunities continue to arise especially through the Regional Venues Improvement Fund and the Department of Culture & the Arts. Projects which have gained support in 2017/18 include the:

- Main Stage Program Lotterywest
- Community Workshop Program Department of Culture and the Arts
- The Small Voices Program Regional Arts Fund through Country Arts WA
- Technical Upgrade Department of Culture and the Arts
- Technical Furniture Lotterywest

As we move into our 90th Birthday year in 2018 we hope to build on the success of the Theatre to deliver more high quality arts events for the Merredin community.

COMMUNITY EVENTS

Community Services continues to work with residents, community based organisations and service providers to coordinate a number of community events and activities that provide social opportunities, the sharing of skills and knowledge and the opportunity to participate as families in community events.

The majority of these programs and projects rely on outside funding to be secured before the project can go ahead.

These events include:

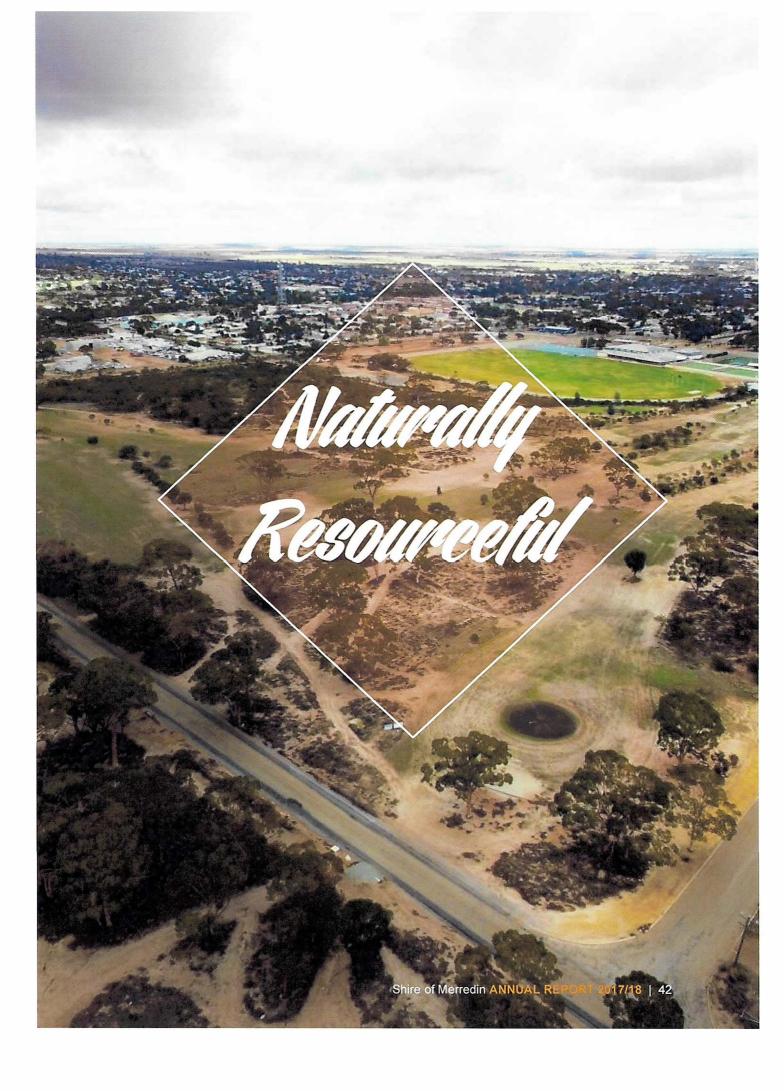

- Provision of activities for NAIDOC Week in conjunction with Merredin College;
- 2017 Gala Night in conjunction with the community and the Community Services team;
- ANZAC Day Commemorations in conjunction with the community, Merredin RSL and the Community Services
- Twilight International Food Festival in conjunction with the community and the Community Services Team;
- Ongoing development of the "Wool Bale" project (planter boxes); in conjunction with farm owners and community
- Banners in the Terrace in conjunction with the Fine Arts Society which painted the 2018 banner;
- Lenihan Park Launch in conjunction with St Mary's Primary School and stakeholders;
- Asbestos Walk;
- Cadets Poppy Planting in conjunction with Merredin Military Cadets;
- Memorabilia Room Launch at the Merredin Regional Library; and

Research into the possibility/feasibility of a Dog Park. Funding has been applied for and is expected to be approved by Lotterywest and Collgar to pursue this project which will be situated in the park opposite the Merredin Regional Library.

Corporate Business Plan Actions

Facilitation and management of art and cultural programs

C

Naturally Resourceful

SP.E1.1 – Minimise waste production

The Senior Ranger and the Environmental Health Officer respond to incidences of illegal dumping of waste. Where an offender is not able to be identified the Shire organises for the removal of the waste materials for disposal at the Shire's landfill site

The Shire of Merredin has a domestic and commercial recycling removal service in place with Avon Waste. Owners and occupiers of premises in Merredin are encouraged to ensure that recycling receptacles provided are utilised appropriately so that only suitable materials are placed in to the recycling stream.

Corporate Business Plan Actions

- Investigate and enforce compliance regards unlawful activities that are detrimental to the environment
- 2. Manage waste disposal in an environmentally sensitive manner

U (5

SP.E1.2 – Work with relevant agencies to actively encourage the adoption of efficient energy and water usage

The Shire of Merredin utilises waste water sourced from the Water Corporation for use as part of its Waste Water Reuse Scheme. The recycled waste water, together with storm water runoff, is utilised for the watering of parks and other public open spaces within the Merredin townsite.

An audit of the Waste Water Reuse Scheme was undertaken by the Water Corporation on behalf of the Department of Health. The Audit report rates the Shire's performance as being satisfactory to very good.

As reported under strategy SP.L4.1, the Shire installed solar panels on the rooves of the Library and the Central Wheatbelt Visitor Centre. Installation of solar panels on the roof of Cummins Theatre has been investigated but it unlikely to occur given that the majority of electrical use of the facility occurs during the evening when the panels won't be functioning. Panels were installed on the roof of the Shire Administration Building and the MRCLC in previous years and have proved to be an excellent asset.

NATURAL RESOURCE MANAGEMENT

Stormwater & Re-Use

The Shire of Merredin, with support of \$25,000 in funding from the Wheatbelt Development Commission, performed significant upgrades to its stormwater collection and reuse network. This included the installation of seven Variable Speed Drives (VSDs). The VSDs will enable the irrigation pumps to run more efficiently, which will save electricity and reduce wear and tear on the system as a whole. This project also upgraded an existing pump and installed a new pump. The new pump allows the Shire to transfer water from the stormwater collection drain to the storage dam at a much greater rate, increasing the amount of water collected by all but eliminating the loss of water downstream.

Solar Powered Desalination Plant & Electric Vehicle Charging Points

The Shire was also successful in gaining funding for two projects through Wheatbelt NRM's Sustainable Community Grants programme. The Shire received \$8,000 for the installation of a solar-powered desalination plant. The plant has been installed at the evaporation pond which is the endpoint of the groundwater pumping bore network. The other project received \$13,981.73 for the installation of Electric Vehicle (EV) chargers. This project is also supported by Tesla. Installation of two Tesla chargers at the Central Wheatbelt Visitor Centre and two generic chargers at the Merredin Regional Community & Leisure Centre will occur in the second half of 2018.

Waterwise

The Shire of Merredin retained its Waterwise Council endorsement for 2018 and the Merredin District Olympic Swimming Pool remained endorsed under the Waterwise Aquatic Centre program.

Corporate Business Plan Actions

- 1 Progressively upgrade Merredin's independent water scheme
- C
- 2. Investigate the feasibility to extend the reticulation along the Great Eastern Highway for verge
- O
- 3. Investigate the feasibility and opportunity to install solar panels on Shire facilities with high power

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities and to the extent they are not in-consistent with the Local Government Act 1995 and accompanying regulations.). Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

THE LOCAL GOVERNMENT REPORTING ENTITY (Continued)

In the process of reporting on the local government as a single unit. all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 24 to these financial statements.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

2. REVENUE AND EXPENSES

	2018	2017
(a) Revenue	Actual	Actual
	\$	\$
Fees and Charges		
Governance	6,372	11,924

	(3,652,878)	1,531,634
Total grants, subsidies and contributions	(659,279)	5,626,457

SIGNIFICANT ACCOUNTING POLICIES

Grants, Donations and Other Contributions Grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over

Grants, Donations and Other Contributions (Continued) a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 20. That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current period.

All of the reserve accounts are supported by money held in financial institutions and match the amount shown as restricted cash in Note 3 to this financial report,

In accordance with council resolutions of June 2018, in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

	Anticipateu	
Name of Reserve	date of use	Purpose of the reserve
Leave Reserve		To be utilised to fund staff leave as required,
Plant Replacement Reserve		To be utilised to fund future capital plant purchases.
Hentage Reserve		To be Closed in 2018/2019
Building Reserve		To be utilised to fund future building costruction and major maintenance within the Shire of Merredin.
Land & Development Reserve		To be utilised to fund major land development/purchases within the Shire of Merredin.
Recreation Reserve		To be utilised to fund future development and major renewals in relation to Recreation,
Disaster Relief Reserve		To be utilised to contribute to liabilities arising from a declared natural disaster that meets WAANDRA eligibility minimum spend.
Road Reinstatement Reserve		To be Closed in 2018/2019

Cummings Street Units Reserve To be utilised to full maintenance and capital costs associated with Council owned units in Cummings Street Merredin.

To be utilised for the collection, transport, storage, treatment, processing, sorting, recycling or disposal of waste; or the provision of receptacles for the temporary deposit of waste; or the provision and management of waste facilities, machinery for the disposal of waste and processes for dealing with waste, Waste Management Reserve

To be Closed in 2018/2019

To be utilised for the quaranting of Grant Monies awaiting completion of Works.

To be utilised to fund future ITC within the Shire of Merredin, Environmental Initiatives Reserve

Unspent Grants Reserve

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Past due and not impaired

Includes:

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

Classification and subsequent measurement Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

13,214

100,944

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

580,521	965,477			
580,521	965,477			

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for sale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for sale (Continued)

Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

(c) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - Roads	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment
Infrastructure - Footpaths	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment
Infrastructure - Drainage	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment
Infrastructure - Parks & Gardens	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

9. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure. is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of fixed assets is determined at least every three years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with Local Government (Financial Management) Regulation 17A (2) which requires property, plant and equipment to be shown at fair

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under control

In accordance with Local Government (Financial Management) Regulation 16(a)(ii), the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

9. FIXED ASSETS (Continued)

9. FIXED ASSETS (Continued)

(b) Depreciation (Continued)

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

When an item of property plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses or
- b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Depreciation rates

Major depreciation periods used for each class of depreciable asset are

Depreciation (Continued)

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost, Gains or losses are recognised in profit or loss

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

Provision for Provision for

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period. in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

14. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2018	2018	2017
	Actual	Budget	Actual

	480,262,563	361,793,281

16. CONTINGENT LIABILITIES

The Shire of Merredin has a contingent Liability for the Reinstatement/Revegetation of the Chandler Road Landfill Site.

The Current Waste Management Reserve Fund Account currently has a balance of \$118,725 and this is considered to be adequate for 2018/2019.

Additional funds will need to be transferred over future years to fulfil councils commitment, however it should be noted that some rehabilitation occurs on an annual basis and is funded from the operating budget.

17. LEASING COMMITMENTS

The capital expenditure project outstanding at the end of the current reporting period represents the construction of the new recreation centre and purchase of a new truck (the prior year commitment was for the construction of the new recreation centre).

2018	2017

 1 608	19 332

SIGNIFICANT ACCOUNTING POLICIES

Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

18. RELATED PARTY TRANSACTIONS

Elected Members Remuneration

	2018	2018	2017
The following fees, expenses and allowances were	Actual	Budget	Actual
paid to council members and/or the President.	\$	\$	\$

Interest on unpaid rates			48,124	45,000
Interest on instalment plan			18,284	17,000
		72	66,408	62,000

22. NET CURRENT ASSETS

Composition of net current assets for			
the purposes of the Rate Setting Statement	2018 (30 June 2018 Carried Forward)	2018 (1 July 2017 Brought Forward)	2017 (30 June 2017 Carried Forward)
	\$	\$	\$
Surplus/(Deficit) 1 July 17 brought forward	2,904,504	2,904,504	2,904,501
CURRENT ASSETS			
Cash and cash equivalents			
Unrestricted	4,028,310	3,087,869	3,087,869
Restricted	19,913,741	25,852,193	25,852,193
Receivables			
Rates outstanding	396,680	360,910	360,910
Sundry debtors	452,096	173,735	173,735
Loans receivable - clubs/institutions	28,859	27,485	27,485
Payments in Advance	(80,935)	(60,811)	(60,811)
Inventories		,	, ,
Fuels & Materials	142,981	193,376	193,376
LESS: CURRENT LIABILITIES			
Trade and other payables			
Sundry creditors	(1,343,388)	(168,845)	(168,845)
Accrued interest on long term borrowings	(14,584)	(15,412)	(15,412)
Accrued salaries and wages	(88,309)	(84,945)	(84,945)
ATO liabilities	0	5,000	5,000
Accrued Expenses	0	(68,172)	(68,172)
Current portion of long term borrowings	(231,069)	(219,405)	(219,405)
Provisions			
Provision for annual leave	(318,377)	(327,255)	(327,255)
Provision for long service leave	(189,994)	(190,950)	(190,950)
Unadjusted net current assets	22,696,011	28,564,773	28,564,773
Adjustments			
Less: Reserves - restricted cash	(19,913,740)	(25,852,192)	(25,852,192)
Less: Loans receivable - clubs/institutions	(28,859)	(27,485)	(27,485)
Add: Current portion of long term borrowings	231,069	219,405	219,405
Adjusted net current assets - surplus/(deficit)	2,984,481	2,904,504	2,904,501

There was no difference between the surplus/(deficit) 1 July 2017 brought forward position used in the 2018 audited financial report and the surplus/(deficit) carried forward position as disclosed in the 2017 audited financial report.

23. FINANCIAL RISK MANAGEMENT

The Shire's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk and interest rate risk. The Shire's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Shire.

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council.

The Shire held the following financial instruments at balance date:

	Carrying	Value	Fair Value		
	2018	2017	2018	2017	
	\$	\$	\$	\$	
Financial assets					
Cash and cash equivalents	23,942,051	28,940,062	23,942,051	28,940,062	
Receivables	1,242,433	988,618	1,242,433	988,618	
	25,184,484	29,928,680	25,184,484	29,928,680	
Financial liabilities					
Payables	1,446,281	332,374	1,446,281	332,374	
Borrowings	1,323,293	1,542,698	1,323,293	1,542,698	
	2,769,574	1,875,072	2,769,574	1,875,072	

Fair value is determined as follows:

Cash and cash equivalents, receivables, payables - estimated to the carrying value which approximates net market value.

Borrowings, held to maturity investments, estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles.

23. FINANCIAL RISK MANAGEMENT (Continued)

(a) Cash and Cash Equivalents

The Shire's objective is to maximise its return on cash whilst maintaining an adequate level of liquidity and preserving capital. The finance area manages the cash portfolio. Council has an Investment Policy and the Policy is subject to review by Council. An Investment Report is provided to Council on a monthly basis setting out the make-up and performance of the portfolio.

Cash is subject to interest rate risk - the risk that movements in interest rates could affect returns.

Another risk associated with cash is credit risk - the risk that a contracting entity will not complete its obligations under a financial instrument resulting in a financial loss to the Shire.

The Shire manages these risks by diversifying its portfolio and only investing in investments authorised by Local Government (Financial Management) Regulation 19C.

Notes:

Sensitivity percentages based on management's expectation of future possible interest rate movements.

23. FINANCIAL RISK MANAGEMENT (Continued)

(b) Receivables

The Shire's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk - the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subject to a re-negotiation of repayment terms.

The profile of the Shire's credit risk at balance date was:

	2018	2017
Percentage of rates and annual charges	%	%
- Current	0.00%	0.00%
- Overdue	100.00%	100.00%
Percentage of other receivables		
- Current	93.00%	42.00%
- Overdue	7.00%	58.00%

23. FINANCIAL RISK MANAGEMENT (Continued)

(c) Payables and borrowings

Payables and borrowings are both subject to liquidity risk - that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required.

The contractual undiscounted cash flows of the Shire's Payables and Borrowings are set out in the Liquidity Table below:

	Due	Due	Due	Total	
	within	between	after	contractual	Carrying
	1 year	1 & 5 years	5 years	cash flows	values
2018	\$	\$	\$	\$	\$
Payables	1,419,153			1,419,153	1,446,281
Borrowings	231,069	702,236	389,988	1,323,293	1,323,293
	1,650,222	702,236	389,988	2,742,446	2,769,574
<u>2017</u>					
Payables	332,374			332,374	332,374
Borrowings	219,405	965,831	661,378	1,846,614	1,542,698
	551,779	965,831	661,378	2,178,988	1,875,072

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation.

The following tables set out th rate risk:	e carrying an	nount, by ma	turity, of the f	inancial instru	uments expos	ed to interes	t	Weighted Average Effective
Year ended 30 June 2018	<1 year	>1<2 years	>2<3 years	>3<4 years	>4<5 years	>5 years	Total	Interest Rate
-	\$	\$	\$	\$	\$	\$	\$	%
Borrowings

Retention Monies	8,974	0	0	8,974
CEACA	1,294,070	753,793	0	2,047,863
	1,385,787	784,832	(97,414)	2,073,205

4

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Shire.

Management's assessment of the new and amended pronouncements that are relevant to the Shire, applicable to future reporting periods and which have not yet been adopted are set out as follows:

	Title	Issued / Compiled	Applicable (1)	Impact
(i)	AASB 9 Financial Instruments (incorporating AASB 2014-7 and AASB 2014-8)	December 2014	1 January 2018	Nil – The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the Shire, it is not anticipated the Standard will have any material effect.
(ii)	AASB 15 Revenue from Contracts with Customers	December 2014	1 January 2019	This Standard establishes principles for entities to apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.
				The effect of this Standard will depend on the nature of future transactions the Shire has with those third parties it has dealings with. It may or may not be significant.
(iii)	AASB 16 Leases	February 2016	1 January 2019	Under AASB 16 there is no longer a distinction between finance and operating leases. Lessees will now bring to account a right-to-use asset and lease liability into the statement of financial position for all leases. Effectively this means the vast majority of operating leases as defined by the current AASB 117 Leases which currently do not impact the statement of financial position will be required to be capitalised on the statement of financial position when AASB 16 is adopted.
	Notes: (1) Applicable to reporting periods commencing on or aft	er the given date.		Currently, operating lease payments are expensed as incurred. This will cease and will be replaced by both depreciation and interest charges. Based on the current number of operating leases held by the Shire, the impact is not expected to be significant.

	Title	Issued / Compiled	Applicable (1)	Impact
(iv)	AASB 1058 Income of Not-for-Profit Entities	December 2016	1 January 2019	These standards are likely to have a significant impact on the income recognition for NFP's. Key areas for consideration are: - Assets received below fair value; - Transfers received to acquire or construct non-financial assets; - Grants received; - Prepaid rates; - Leases entered into at below market rates; and - Volunteer services.
				Whilst it is not possible to quantify the financial impact (or if it is material) of these key areas until the details of future transactions are known, they will all have application to the Shire's operations.

(1) Applicable to reporting periods commencing on or after the given date. Adoption of New and Revised Accounting Standards

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

Whilst many reflected consequential changes associate with the amendment of existing standards, the only new standard with material application is as follows:

(i)	AASB 2016-4 Amendments to Australian Accounting Standards - Recoverable Amount of Non-Cash-Generating Specialised Assets of Not- for-Profit Entities	1 January 2017
(ii)	AASB 2016-7 Amendments to Accounting Standards - Deferral of AASB 15 for Not-for-Profit Entities	1 January 2017

26, OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from or payable to, the ATO is included with receivables or payables in the statement of financial

Cash flows are presented on a gross basis. The GST components of cash flows ansing from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventones held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar are rounded to the nearest dollar Amounts are presented in Australian Dollars

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year

When the Shire applies an accounting policy retrospectively makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented

e) Budget comparative figures

Unless otherwise staled, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure

f) Superannuation

The Shire contributes to a number of Superannuation Funds on benalf of employees. All funds to which the Shire contributes are defined contribution

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability in an orderly (i.e. unforced) transaction between independent knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise to the extent possible the use of observable market data

To the extent possible, market information is extracted from either the principal market for the asset or lability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transact on costs and

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use

h) Fair valuenierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly,

Measurements based on unobservable inputs for the asset or liability

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pncing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be

Where such an indication exists an impairment test is carried out on the asset by companing the recoverable amount of the asset being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard,

For non-cash generating specialised assets that are measured under the revaluation model such as roads drains, public buildings and the like no annual assessment of imparment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting penod

27. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME GOVERNANCE	OBJECTIVE	ACTIVITIES
GENERAL PURPOSE FUNDING	To collect revenue to allow for the provision of services.	Rates, general purpose government grants and interest revenue.
LAW, ORDER, PUBLIC SAFETY	To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
HEALTH	To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, provision of meat inspection services, noise control
EDUCATION AND WELFARE	To provide services to disadvantaged persons, the elderly, children and youth	and waste disposal compliance. Maintenance of child minding centre, playgroup centre, senior citizen centre and aged care centre. Provision and maintenance of home and community care programs and youth services.
HOUSING	To provide and maintain elderly residents housing.	Provision and maintenance of elderly residents housing.
COMMUNITY AMENITIES	To provide services required by the community.	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public
RECREATION AND CULTURE	To establish and effectively manage infrastructure and resource which will help the social well being of the community.	conveniences Maintenance of public halls, civic centres, aquatic centre, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.
TRANSPORT	To provide safe, effective and efficient transport services to the community	Construction and maintenance of roads, streets, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc. traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.
ECONOMIC SERVICES	To help promote the shire and its economic wellbeing.	Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes and Building Control.
OTHER PROPERTY AND SERVICES	To monitor and control Shire's overheads operating accounts.	Private works operation, plant repair and operation costs and engineering operation costs.

28. FINANCIAL RATIOS	2018	2017	2016		
Comment ratio	2.96	6.46	0.04		
Current ratio		6.46	0.64		
Asset consumption ratio	0.90	0.73	0.73		
Asset renewal funding ratio	0.83	0.83	0.84		
Asset sustainability ratio	1.17	0.99	1.27		
Debt service cover ratio	7.68	18.27	0.49		
Operating surplus ratio	(0.32)	0.01	(0.45)		
Own source revenue coverage ratio	0.52	0.58	0.56		
The above ratios are calculated as follows:					
Current ratio	current asset	s minus restric	cted assets		
	current liabilities	minus liabiliti	es associated	_	
	with	restricted asse	ets		
Asset consumption ratio		depreciated replacement costs of depreciable assets			
	current replacement	ent cost of dep	reciable assets		
Asset renewal funding ratio	NPV of planned	NPV of planned capital renewal over 10 years			
	NPV of required capital expenditure over 10 years				
Asset sustainability ratio	canital renewal a	capital renewal and replacement expenditure			
,	\	eciation expen		_	
Debt service cover ratio	annual operating surpl	us before inter	rest and depreciation		
	principal and interest				
Operating surplus ratio	operating revenu	operating revenue minus operating expenses			
	own sour	ce operating r	evenue	_	
Own source revenue coverage ratio	own source operating revenue				
	ope	operating expenses			

Notes:

Three of the ratios disclosed above were distorted by the early receipt of Financial Assistance Grants. In addition, two of the ratios were impacted by revenue and expenses associated with flood damage re-instatement which is considered one-off in nature.

Amount of Financial Assistance Grant received during the year relating to the subsequent year. Amount of Financial Assistance Grant received in prior year relating to current year. Amount of reimbursement for flood damage received

Expenditure on flood damage re-instatement

	2017/18	2016/17	2015/16
1.7	\$	\$	\$
		1,223,125	
	1,223,125		1,112,939

If the events detailed above did not occur, the impacted ratios in the 2018, 2017 and 2016 columns on the previous page would be as follows:

	2018	2017	2016
Current ratio	2.23	4.37	1.20
Debt service cover ratio	3.58	12.93	9.36
Operating surplus ratio	(0.12)	0.20	(0.26)
Own source revenue coverage ratio	0.52	0.58	0.56

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE SHIRE OF MERREDIN

Report on the Financial Report

Opinion

We have audited the financial report of the Shire of Merredin, which comprises the statement of financial position as at 30 June 2018, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the declaration by the Chief Executive Officer.

In our opinion, the financial report of the Shire of Merredin is in accordance with the underlying records of the Shire, including:

- a) giving a true and fair view of the Shire's financial position as at 30 June 2018 and of its performance for the year ended on that date; and
- b) complying with Australian Accounting Standards (including Australia Accounting Interpretations), the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

Basis for Opinion

We have conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report.

We are independent of the Shire in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our ethical requirements in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information in the Shire's annual report for the year ended 30 June 2018 but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other inforrmation, we are required to report that fact. We have nothing to report in this regard.

Shire's Responsibility for the Financial Report

Shire is responsible for the preparation of the financial report which gives a true and fair view in accordance with Australian Accounting Standards (including Australia Accounting Interpretations), the Local Government Act 1995 (as amended), the Local Government (Financial Management) Regulations 1996 (as amended) and for such internal control as the Shire determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australia Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess risks of material misstatement of the financial report, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our
 opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain and understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Shire's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Councillors.

- Conclude on the appropriateness of Shire's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Shire's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Shire to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Council with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Emphasis of Matter

Without modifying our opinion, we draw attention to page 52 and 53 of the financial report "Financial Ratios", which describes certain ratio information relating to the financial report. Management's calculation of certain of these ratios includes assumptions about future capital expenditure and hence falls outside our audit scope. We do not therefore express an opinion on these ratios.

However, we have reviewed the calculations as presented and in our opinion these are based on verifiable information and appear reasonable.

Reporting on Other Legal and Regulatory Requirements

We did not, during the course of our audit, become aware of any instances where the Shire did not comply with the statutory requirements of the Local Government Act (1995) (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

In accordance with the Local Government (audit) Regulations 1996, we also report that:

- a) Apart from the operating surplus ratio that does not meet the minimum benchmark, there are no material matters that in our opinion indicate significant adverse trends in the financial position or the financial management practices of the Shire.
- b) The Shire substantially complied with Part 6 of the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).
- c) All information and explanations required were obtained by us.
- d) All audit procedures were satisfactorily completed in conducting our audit.

SHIRE OF MERREDIN **FINANCIAL REPORT** FOR THE YEAR ENDED 30TH JUNE 2018

Local Government Act 1995 Local Government (Financial Management) Regulations 1996

STATEMENT BY CHIEF EXECUTIVE OFFICER

The attached financial report of the Shire of Merredin for the financial year ended 30 June 2018 is based on proper accounts and records to present fairly the financial position of the Shire of Merredin at 30 June 2018 and the results of the operations for the financial year then ended in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Signed on the

Seventeenth

This statement is to be read in conjunction with the accompanying notes.

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities and to the extent they are not in-consistent with the Local Government Act 1995 and accompanying regulations.), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

THE LOCAL GOVERNMENT REPORTING ENTITY (Continued)

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 24 to these financial statements.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

2. REVENUE AND EXPENSES

	2018	2017
(a) Revenue	Actual	Actual
	\$	\$
Fees and Charges		
Governance	6,372	11,924

All of the reserve accounts are supported by money held in financial institutions and match the amount shown as restricted cash in Note 3 to

In accordance with council resolutions of June 2018, in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve
Leave Reserve
Plant Replacement Reserve
Heritage Reserve
Building Reserve
Land & Development Reserve
Recreation Reserve
Disaster Relief Reserve
Deed Defeated and December

Cummings Street Units Reserve

Waste Management Reserve

Environmental Initiatives Reserve Unspent Grants Reserve ITC Reserve

Anticipated date of use Purpose of the reserve

To be utilised to fund staff leave as required. To be utilised to fund future capital plant purchases.

To be Closed in 2018/2019

To be utilised to fund future building costruction and major maintenance within the Shire of Merredin. To be utilised to fund major land development/purchases within the Shire of Merredin.

To be utilised to fund future development and major renewals in relation to Recreation. To be utilised to contribute to liabilities arising from a declared natural disaster that meets WAANDRA eligibility minimum spend.

To be Closed in 2018/2019

To be utilised to full maintenance and capital costs associated with Council owned units in Cummings Street Merredin.

To be utilised for the collection, transport, storage, treatment, processing, sorting, recycling or disposal of waste; or the provision of receptacles for the temporary deposit of waste; or the provision and management of waste facilities, machinery for the disposal of waste and processes for dealing with waste.

To be Closed in 2018/2019

To be utilised for the quaranting of Grant Monies awaiting completion of Works.

To be utilised to fund future ITC within the Shire of Merredin.

Past due and not impaired

SIGNIFICANT	ACCOUNTIN	G POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

Classification and subsequent measurement

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

0040

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for sale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for sale (Continued)

Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land - freehold land	2 & 3	Observed open market valuations, adjusted for condition and comparability.	Independent Valuation	2017	Price per Hectare / Current Conditions
Land - vested in and under the control of Council	3	Market approach using recent market data/income approach using discounted cash flow methodology.	Independent Valuation	2017	Price per Hectare / Current Conditions / Market Discount Rate
Buildings - non-specialised	2	Observed open market valuations, adjusted for condition and comparability.	Independent Valuation	2017	Price per Hectare
Buildings - specialised	3	Cost approach using depreciated replacement cost.	Independent Valuation	2017	Improvements to land using construction costs and current conditions (Level 2) and remaining useful life assessments (Level 3)
Furniture and equipment	3	Cost approach using depreciated replacement cost.	Independent Valuation	2017	Purchase costs and current condition (Level 2) and remaining useful life assessments (Level 3)
Plant and equipment					
- Independent valuation 2016	3	Cost approach using depreciated replacement cost.	Independent Valuation	2016	Purchase costs and current condition (Level 2) and remaining useful life assessments (Level 3)
- Management valuation 2016	3	Cost approach using depreciated replacement cost.	Management Valuation	2016	Purchase costs and current condition (Level 2) and remaining useful life assessments (Level 3)

Land Freehold

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - Roads	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment
Infrastructure - Footpaths	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment
Infrastructure - Drainage	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment
Infrastructure - Parks & Gardens	3	Cost approach using depreciated replacement cost.	Management Valuation	Jun 2018	Construction costs and current condition and remaining useful life assesment

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

9. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of fixed assets is determined at least every three years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with Local Government (Financial Management) Regulation 17A (2) which requires property, plant and equipment to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under control

In accordance with Local Government (Financial Management) Regulation 16(a)(ii), the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

9. FIXED ASSETS (Continued)

(b) Depreciation (Continued)

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Depreciation rates

Major depreciation periods used for each class of depreciable asset are:

Depreciation (Continued)

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

10. REVALUATION SURPLUS

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Provision for Provision for

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

14. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2018	2018	2017
	Actual	Budget	Actual

16. CONTINGENT LIABILITIES

The Shire of Merredin has a contingent Liability for the Reinstatement/Revegetation of the Chandler Road Landfill Site.

The Current Waste Management Reserve Fund Account currently has a balance of \$118,725 and this is considered to be adequate for 2018/2019.

Additional funds will need to be transferred over future years to fulfil councils commitment, however it should be noted that some rehabilitation occurs on an annual basis and is funded from the operating budget.

17. LEASING COMMITMENTS

The capital expenditure project outstanding at the end of the current reporting period represents the construction of the new recreation centre and purchase of a new truck (the prior year commitment was for the construction of the new recreation centre).

2018	2017
\$	\$

(a) Operating Lease Commitments

Non-cancellable operating leases contracted for but not capitalised in the accounts.

Payable:

- not later than one year
- later than one year but not later than five years
- later than five years

1,608	19,332
1,608	19,332

SIGNIFICANT ACCOUNTING POLICIES

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

18. RELATED PARTY TRANSACTIONS

Elected Members Remuneration

	2018	2018	2017
The following fees, expenses and allowances were	Actual	Budget	Actual

Adjusted net current assets - surplus/(deficit)	2,984,481	2,904,504	2,904,501	

Difference

There was no difference between the surplus/(deficit) 1 July 2017 brought forward position used in the 2018 audited financial report and the surplus/(deficit) carried forward position as disclosed in the 2017 audited financial report.

23. FINANCIAL RISK MANAGEMENT

The Shire's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk and interest rate risk. The Shire's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Shire.

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council.

The Shire held the following financial instruments at balance date:

	Carrying	y Value	Fair Value		
	2018 2017		2018	2017	
	\$	\$	\$	\$	
Financial assets					
Cash and cash equivalents	23,942,051	28,940,062	23,942,051	28,940,062	
Receivables	1,242,433	988,618	1,242,433	988,618	
	25,184,484	29,928,680	25,184,484	29,928,680	
Financial liabilities					
Payables	1,446,281	332,374	1,446,281	332,374	
Borrowings	1,323,293	1,542,698	1,323,293	1,542,698	
	2,769,574	1,875,072	2,769,574	1,875,072	

Fair value is determined as follows:

Cash and cash equivalents, receivables, payables - estimated to the carrying value which approximates net market value.

Borrowings, held to maturity investments, estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles.

23. FINANCIAL RISK MANAGEMENT (Continued)

(a) Cash and Cash Equivalents

The Shire's objective is to maximise its return on cash whilst maintaining an adequate level of liquidity and preserving capital. The finance area manages the cash portfolio. Council has an Investment Policy and the Policy is subject to review by Council. An Investment Report is provided to Council on a monthly basis setting out the make-up and performance of the portfolio.

Cash is subject to interest rate risk - the risk that movements in interest rates could affect returns.

Another risk associated with cash is credit risk - the risk that a contracting entity will not complete its obligations under a financial instrument resulting in a financial loss to the Shire.

The Shire manages these risks by diversifying its portfolio and only investing in investments authorised by Local Government (Financial Management) Regulation 19C.

Notes:

Sensitivity percentages based on management's expectation of future possible interest rate movements.

23. FINANCIAL RISK MANAGEMENT (Continued)

(b) Receivables

The Shire's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk - the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subject to a re-negotiation of repayment terms.

The profile of the Shire's credit risk at balance date was:

	2018	2017
Percentage of rates and annual charges	%	%
- Current	0.00%	0.00%
- Overdue	100.00%	100.00%
0.0.440	100.0070	100.0070
Percentage of other receivables		
- Current	93.00%	42.00%
- Overdue	7.00%	58.00%

23. FINANCIAL RISK MANAGEMENT (Continued)

(c) Payables and borrowings

Effective interest rate

Payables and borrowings are both subject to liquidity risk - that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required.

The contractual undiscounted cash flows of the Shire's Payables and Borrowings are set out in the Liquidity Table below:

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
<u>2018</u>	\$	\$	\$	\$	\$
Payables Borrowings	1,419,153 231,069		389,988	1,419,153 1,323,293	1,446,281 1,323,293
26.10 milgo	1,650,222		389,988	<u> </u>	2,769,574
<u>2017</u>					
Payables	332,374			332,374	332,374
Borrowings	219,405	965,831	661,378	1,846,614	1,542,698
	551,779	965,831	661,378	2,178,988	1,875,072

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation.

The following tables set out the carrying amount, by maturity, of the financial instruments exposed to interest rate risk:						Weighted Average Effective		
Year ended 30 June 2018	<1 year	>1<2 years	>2<3 years	>3<4 years	>4<5 years	>5 years	Total	Interest Rate
	\$	\$	\$	\$	\$	\$	\$	%

Year ended 30 June 2017								
Borrowings								
Fixed rate								
Long term borrowings	219,405	j				1,323,293	1,542,698	5.00%
Weighted average								

4.63%

24. TRUST FUNDS

Funds held at balance date over which the Shire has no control and which are not included in the financial statements are as follows:

	1 July 2017	Amounts Received	Amounts Paid	30 June 2018
	\$	\$	\$	\$
BCTIF Levy	208	5,852	(6,060)	0
BRB Levy	982	7,687	(8,669)	0
Housing Bonds	8,172	1,750	(1,230)	8,692
Nomination Deposits	0	480	(480)	0
Community Bus Fund	1,312	0	0	1,312
SBS Transmitter	2,220	0	0	2,220
Other Bonds	0	450	(350)	100
Youth Advisory Council	154	0	0	154
Hall/Gym Bonds	2,240	4,820	(3,170)	3,890
Sundry	67,455	10,000	(77,455)	0
Retention Monies	8,974	0	0	8,974
CEACA	1,294,070	753,793	0	2,047,863
	1,385,787	784,832	(97,414)	2,073,205

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Shire.

Management's assessment of the new and amended pronouncements that are relevant to the Shire, applicable to future reporting periods and which have not yet been adopted are set out as follows:

	Title	Issued / Compiled	Applicable (1)	Impact
(i)	AASB 9 Financial Instruments (incorporating AASB 2014-7 and AASB 2014-8)	December 2014	1 January 2018	Nil – The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the Shire, it is not anticipated the Standard will have any material effect.
(ii)	AASB 15 Revenue from Contracts with Customers	December 2014	1 January 2019	This Standard establishes principles for entities to apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.
				The effect of this Standard will depend on the nature of future transactions the Shire has with those third parties it has dealings with. It may or may not be significant.
(iii)	AASB 16 Leases	February 2016	1 January 2019	Under AASB 16 there is no longer a distinction between finance and operating leases. Lessees will now bring to account a right-to-use asset and lease liability into the statement of financial position for all leases. Effectively this means the vast majority of operating leases as defined by the current AASB 117 Leases which currently do not impact the statement of financial position will be required to be capitalised on the statement of financial position when AASB 16 is adopted.
	Notes: (1) Applicable to reporting periods commencing on or af	er the given date.		Currently, operating lease payments are expensed as incurred. This will cease and will be replaced by both depreciation and interest charges. Based on the current number of operating leases held by the Shire, the impact is not expected to be significant.

	Title	Issued / Compiled	Applicable (1)	Impact
(iv)	AASB 1058 Income of Not-for-Profit Entities	December 2016	1 January 2019	These standards are likely to have a significant impact on the income recognition for NFP's. Key areas for consideration are: - Assets received below fair value; - Transfers received to acquire or construct non-financial assets; - Grants received; - Prepaid rates; - Leases entered into at below market rates; and - Volunteer services. Whilst it is not possible to quantify the financial impact (or if it is material) of these key areas until the details of future transactions are known, they will all have application to the Shire's operations.

Notes:

(1) Applicable to reporting periods commencing on or after the given date.

Adoption of New and Revised Accounting Standards

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

Whilst many reflected consequential changes associate with the amendment of existing standards, the only new standard with material application is as follows:

(i) AASB 2016-4 Amendments to Australian Accounting Standards - Recoverable Amount of Non-Cash-Generating Specialised Assets of Notfor-Profit Entities

(ii) AASB 2016-7 Amendments to Accounting Standards - Deferral of AASB 15 for Not-for-Profit Entities

1 January 2017

1 January 2017

26. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model ,such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

27. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

DDOCDAM NAME	OR JECTIVE	ACTIVITIES
PROGRAM NAME GOVERNANCE	OBJECTIVE	ACTIVITIES
GENERAL PURPOSE FUNDING	To collect revenue to allow for the provision of services.	Rates, general purpose government grants and interest revenue.
LAW, ORDER, PUBLIC SAFETY	To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
HEALTH	To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.
EDUCATION AND WELFARE	To provide services to disadvantaged persons, the elderly, children and youth	Maintenance of child minding centre, playgroup centre, senior citizen centre and aged care centre. Provision and maintenance of home and community care programs and youth services.
HOUSING	To provide and maintain elderly residents housing.	Provision and maintenance of elderly residents housing.
COMMUNITY AMENITIES	To provide services required by the community.	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.
RECREATION AND CULTURE	To establish and effectively manage infrastructure and resource which will help the social well being of the community.	Maintenance of public halls, civic centres, aquatic centre, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.
TRANSPORT	To provide safe, effective and efficient transport services to the community	Construction and maintenance of roads, streets, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc. traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.
ECONOMIC SERVICES	To help promote the shire and its economic wellbeing.	Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes and Building Control.
OTHER PROPERTY AND SERVICES	To monitor and control Shire's overheads operating accounts.	Private works operation, plant repair and operation costs and engineering operation costs.

Asset sustainability ratio		•	reciation expens	•		
Debt service cover ratio	annual	operating our	dua hafara intar	root and depresiation		
Dept service cover ratio	annuai		ncipal and intere	est and depreciation		
		Pili	loipai ana intore	,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,		
Operating surplus ratio	0	perating rever	ue minus opera	ating expenses		
		own sou	irce operating r	evenue		
Own source revenue coverage ratio		own sou	irce operating r	evenue		
<u>-</u>	operating expenses					

Notes:

Three of the ratios disclosed above were distorted by the early receipt of Financial Assistance Grants. In addition, two of the ratios were impacted by revenue and expenses associated with flood damage re-instatement which is considered one-off in nature.

	2017/18	2016/17	2015/16
	\$	\$	\$
Amount of Financial Assistance Grant received during the year relating to the subsequent year.		1,223,125	
Amount of Financial Assistance Grant received in prior year relating to current year.	1,223,125		1,112,939
Amount of reimbursement for flood damage received			
Expenditure on flood damage re-instatement			

If the events detailed above did not occur, the impacted ratios in the 2018, 2017 and 2016 columns above would be as follows:

	2018	2017	2016
Current ratio	2.23	4.37	1.20
Debt service cover ratio	3.58	12.93	9.36
Operating surplus ratio	(0.12)	0.20	(0.26)
Own source revenue coverage ratio	0.52	0.58	0.56

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE SHIRE OF MERREDIN

Report on the Financial Report

Opinion

We have audited the financial report of the Shire of Merredin, which comprises the statement of financial position as at 30 June 2018, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the declaration by the Chief Executive Officer.

In our opinion, the financial report of the Shire of Merredin is in accordance with the underlying records of the Shire, including:

- a) giving a true and fair view of the Shire's financial position as at 30 June 2018 and of its performance for the year ended on that date; and
- b) complying with Australian Accounting Standards (including Australia Accounting Interpretations), the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

Basis for Opinion

We have conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report.

We are independent of the Shire in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our ethical requirements in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information in the Shire's annual report for the year ended 30 June 2018 but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Shire's Responsibility for the Financial Report

Shire is responsible for the preparation of the financial report which gives a true and fair view in accordance with Australian Accounting Standards (including Australia Accounting Interpretations), the Local Government Act 1995 (as amended), the Local Government (Financial Management) Regulations 1996 (as amended) and for such internal control as the Shire determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australia Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess risks of material misstatement of the financial report, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our
 opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain and understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Shire's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Councillors.

- Conclude on the appropriateness of Shire's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Shire's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Shire to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Council with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Emphasis of Matter

Without modifying our opinion, we draw attention to page 52 and 53 of the financial report "Financial Ratios", which describes certain ratio information relating to the financial report. Management's calculation of certain of these ratios includes assumptions about future capital expenditure and hence falls outside our audit scope. We do not therefore express an opinion on these ratios.

However, we have reviewed the calculations as presented and in our opinion these are based on verifiable information and appear reasonable.

Reporting on Other Legal and Regulatory Requirements

We did not, during the course of our audit, become aware of any instances where the Shire did not comply with the statutory requirements of the Local Government Act (1995) (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

In accordance with the Local Government (audit) Regulations 1996, we also report that:

- a) Apart from the operating surplus ratio that does not meet the minimum benchmark, there are no material matters that in our opinion indicate significant adverse trends in the financial position or the financial management practices of the Shire.
- b) The Shire substantially complied with Part 6 of the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).
- c) All information and explanations required were obtained by us.
- d) All audit procedures were satisfactorily completed in conducting our audit.

BUTLER SETTINERI (AUDIT) PTY LTD

MARIUS VAN DER MERWE

Director Perth

Date: 17 September 2018

2. Closure

There being no further business, the President thanked those in attendance and declared the meeting closed at 4:43pm.
