5.4 Business Arising from the Minutes of the Great Eastern Country Zone Executive Committee Meeting Tuesday 11 February 2021

5.4.1 Exec Item 5.5.3 – Covid-19

The Shire of Wyalkatchem raised concerns with the lack of direction provided to Wheatbelt communities during the recent COVID-19 lockdown of the Perth, Peel and South West regions.

Many Wheatbelt residents had spent time in the Perth, Peel and South West regions and then returned to the Wheatbelt and there was very little information provided as to how Wheatbelt communities should handle the situation.

Zone Discussion

Cr Davies voiced concerns at the lack of direction and associated risks issued to Wheatbelt communities in relation to the recent Covid-19 lockdown. It was noted events had taken place in the Wheatbelt during the two week lockdown period which may have put communities at risk due to lack of guidelines from the State government.

Hon Mia Davies MLA shared with the Zone that these concerns have been raised with the Commissioner. The underlying response from the Commissioner being that the lockdown areas were decided on population density and individuals should 'use common sense' in their decision making.

Cr Sachse commended WALGA for issuing timely information echoing State decisions. Going forward, Cr Sachse suggested the State need to offer guidance for future lockdowns directly related to regional communities.

NOTED

5.4.2 Exec Item 5.3 - Future Drought Funding

Background:

Future Drought Funding: - Discussion ensued on obtaining further information on this issue.

Cr Sachse advised of the Federal Government National On-Farm Emergency Water Infrastructure Rebate Scheme, where it would be good for the State Government to provide additional funding to support this program. However State Government Minister Dave Kelly (DWER) has said that it needs to wait until the new 21/22 State budget. Also, the recent State Government announcement of \$7.3 million infrastructure plan to upgrade and refurbish 70 community dams in the State's Wheatbelt and Great Southern regions and securing funding for 511 water efficiency rebates for WA dry region farmers was discussed.

In addition, the State Government has made a recent announcement on desalination <https://www.mediastatements.wa.gov.au/Pages/McGowan/2021/02/Watersmart-Farms-funding-to-drive-on-farm-desalination.aspx> by Minister Alannah MacTiernan, which is a great initiative and is the sort of investment in technology that is needed.

The meeting was advised that information from the Wheatbelt Development Commission is that the funding may be targeted at the Wheatbelt South and Great Southern regions due to their recent water related issues.

The Executive Committee also suggested Rob Cossart, CEO of Wheatbelt Development Committee be invited to the next meeting to discuss this State Government funding initiative

The Great Eastern Country Zone Executive Committee resolved:

1. That the Hon Minister for Water, Dave Kelly be invited to discuss the National On-Farm Emergency Water Infrastructure Rebate Scheme and potential State Government funding
2. That Rob Cossart, CEO, Wheatbelt Development Commission be invited to present on the State Government's new \$1.5 million Watersmart Farms project to research sustainable water supply options and optimise on-farm desalination technology to help build drought resilient WA farms

Due to the State Government entering caretaker mode the above speakers are unavailable for this meeting

RESOLUTION

Moved: Cr Stephen Strange
Seconded: Cr Julie Flockart

That the Zone defer this item to the next meeting of the Great Eastern Country Zone on 27 April 2021

6.1 Independent Review of Emergency Services Levy

Background

At the Wheatbelt East Regional Organisation of Councils (WEROC) Inc. Board Meeting held on Thursday 26 November 2020, a presentation was given by Mr. Darren Brown the Executive Officer of Bushfire Volunteers WA.

In his presentation, Mr. Brown highlighted the lack of transparency on behalf of the Department of Fire and Emergency Services (DFES) with regard to how the Emergency Services Levy (ESL) is expended.

Rebekah Burges, EO WEROC emailed the following;

The WEROC Inc. Board felt that the issues outlined by Mr. Brown (EO of Bushfire Volunteers WA) should be addressed at the Zone level as it impacts all Local Governments not just those that belong to WEROC. The Board resolved to ask that an independent review of the Emergency Services Levy be requested by WALGA on behalf of the Great Eastern Country Zone.

Comment

The committee were advised that a full review of the ESL was undertaken by the Economic Regulation Authority in 2017. It would be appropriate to ask DFES for some further information about their progress with actioning the reviews' recommendations.

DFES Commissioner Klemm will be attending the State Council Strategic Forum on 3 March which will provide an opportunity for State Council to discuss Emergency Management matters, including the ESL, with him.

The Zone could invite a representative from DFES to attend the April 2021 Zone meeting to present on the ESL, which will assist to gain a broader understanding of the current issues.

RESOLUTION

Moved: Cr Ramesh Rajagopalan
Seconded: Cr Rodney Forsyth

That the Great Eastern Country Zone invite a representative from DFES to present on the ESL and provide a broader understanding of the issues.

6.2 Grass Roots Community Grants' program

Background

The CBH Group is Australia's largest co-operative and a leader in the Australian grain industry, with operations extending along the value chain from grain storage, handling, transport, marketing and processing.

CBH offer a grants program which provides financial assistance to grain growing communities for projects which contribute to the health and vitality of their communities.

CBH's '[Grass Roots Community Grants](#)' program is now open for applications, closing on Sunday 28 February.

Some key points on this round of the program:

- Closes 28 February. Next round opens 1 August
- Grants available for community-related events up (funding limit up to \$5,000) and small scale infrastructure projects (funding limit up to \$20,000)
- One application per round per organisation
- Applications take approx. 6 weeks to assess from closing date and are assessed by a committee made up of growers (Growers' Advisory Council (GAC) members), regional and HO employees.
- We have a total of \$150,000 this round to allocate to events/projects

Is your proposal right for CBH ?

Applications are assessed on the following criteria:

- Located within a core grain growing community in WA
- Fit with CBH's purpose, values and behaviour (please review our website for what we do not fund)
- Contribute to the vitality, development, well being and/or safety of grain growing regions
- Promote a positive image of agricultural industry and as an employer
- Have value, relevance and credibility to our growers, customers, CBH and/or its employees
- Promote the development of future community and industry leaders

Any questions from community groups can be directed to: corporateaffairs@cbh.com.au

6.3 Wheatbelt Bushfire Volunteer Support

The Great Eastern Country Zone, Executive committee noted that many Wheatbelt volunteer fire fighters assisted in the recent fires.

Large numbers of volunteer fire fighters from the Wheatbelt have attended the Beverley, York, Wundowie, Red Gully and Woorloo fires this summer. Also volunteers were called out to help fight a fire northwest of the Flying Fox Mine on the Kondinin /Dundas boundary area.

This excellent response has undoubtedly helped minimize the spread of these fires, and the associated risk to personal injury and property damage.

6.4 Proposed Review of the Road Asset Preservation Model (APM)

By Ian Duncan, Executive Manager Infrastructure WALGA

Recommendation

That the Zone:

- Provide feedback to the WALGA Infrastructure Policy Team regarding a preferred advocacy approach to any review of the Road Asset Preservation Model (APM).

Executive Summary

- A Zone Council recommendation to review the Road Asset Preservation Model (APM) was referred to the Infrastructure Policy Team in December 2020. The Policy Team resolved to seek views from Zones before recommending the development of a formal State Council agenda paper.
- This paper sets out options to guide the development of a Zone resolution.
- The Asset Preservation Model was developed as a Commonwealth requirement for the distribution of Commonwealth Government road grants among Local Governments in an efficient and equitable manner, taking account of local asset preservation needs and costs. It is currently used to distribute a range of Federal and State Government grant funding allocations.
- Despite being used to allocate large sums of public funding, operation of the APM is not well understood within the Local Government sector.
- The APM is not readily accessible to Local Governments. Limited documentation and complexity means that more open access alone would not be helpful in achieving strong understanding of the processes that underpin the output.
- Complexity of the APM makes it difficult to predict the effects on funding allocations of changes to the model or input parameters.
- This paper proposes five options that could be considered to address this issue, for WALGA to advocate to the Grants Commission.
- The options are not mutually exclusive, and some could be combined as a staged approach.
- The five options are:
 1. Re-format and re-label the model, to improve its legibility for all users and make it available to the Local Government sector in a form that would enable stakeholders to understand it.
 2. Review the parameters within the model, in order to increase the accuracy of road maintenance costs within the model.
 3. Advocate to the Grants Commission to undertake a review of the cost regions and minimum standards to ensure that these appropriately reflect the costs faced by Local Government and the current development of the road network
 4. Advocate to the Grants Commission to undertake an appropriately-resourced process to review and rebuild the road Asset Preservation Model. This new model should be as simple as possible while still delivering an equitable distribution of funding among Local

Governments. Its variables and assumptions should be easily indefinable to model users, being clearly labelled and documented.

5. Accept the status quo with no further action

Background

A Zone Council recommendation to review the APM was referred to the Infrastructure Policy Team in December 2020. The Team resolved to seek feedback from the Zones as the matter had not been widely identified as an issue of concern.

The Asset Preservation Model was developed by Main Roads WA and Local Government representatives, to distribute the untied roads component of the Commonwealth Financial Assistance Grants between Local Governments.

The WA Local Government Grants Commission took over responsibility for distributing the identified Commonwealth road funds and undertook a comprehensive review of the Asset Preservation Model and modified and refined it. Application of the APM has since been broadened and it is now used to determine the distribution between Local Governments of a range of state and federal funding.

To assist Local Governments make decisions regarding preferred approaches to the use and development of the Asset Preservation Model a manual has been developed by WALGA describing the APM and how it functions. The manual can be viewed [here](#).

Problem Statement

The Road Asset Preservation Model is used to allocate large sums of funding. Despite the importance of the model, it is not widely understood, due to its complexity and limited documentation. This results in a lack of transparency, risk of corporate memory loss, the risk of unfair or otherwise inappropriate allocations of funding, and the reputational risk due to funds distribution not being fully explainable and region allocations being subject to question.

Options

There are five options identified in the text below, and the table on the final page of this paper. Note that the options are not mutually exclusive and all or some of them could be recommended to be implemented in phased approach.

1. Advocate to the Grants Commission to re-format and re-label the APM, to improve its legibility for all users. A detailed record should also be made of the model's parameters, and the process that was used for determining their values.
2. Advocate to the Grants Commission for a review of the various parameters contained within the APM, such as the array of annual maintenance costs for different asset types, road reconstruction frequencies and the components of reconstruction costs. This option would increase the accuracy of road maintenance costs within the model, although would not address the underlying problems of excessive complexity and a lack of transparency and predictability.
3. Advocate to the Grants Commission to undertake a review of the cost regions and minimum standards to ensure that these appropriately reflect the costs faced by Local Government and the current development of the road network.
4. Advocate to the Grants Commission to undertake an appropriately-resourced process to review and rebuild the APM. This new model should be as simple as possible while still delivering an equitable distribution of funding among Local Governments. Its variables and assumptions should be easily indefinable to model users, being clearly labelled and documented.
5. Retain Status quo.

It should be noted that these are all advocacy positions. The Road Asset Preservation Model is controlled by the WA Local Government Grants Commission and any decisions regarding development of the model or use of a different approach would be made by the Commission. It must be noted that if Options 2, 3 or 4 are implemented, there is a risk of some Local Governments receiving a lower grant allocation. This risk may be mitigated by advocating for increased funding from the State or Federal Governments, although there is no guarantee that such funding would be forthcoming.

The current membership of the WA Local Government Grants Commission is:

- Chairperson — Hon Cr Fred Riebeling AM JP
- Deputy Chairperson — Mr Luke Stevens, Legal Counsel, DLGSC
- Metropolitan Member — Cr Deb Hamblin, Deputy Mayor, City of Rockingham
- Country Urban Member — Dr Wendy Giles, Councillor, City of Bunbury
- Country Rural Member — Cr Ian West, Shire of Irwin
- Deputy to the Deputy Chairperson — Ms Darrelle Merritt, A/Director - Strategic Initiatives, DLGSC
- Deputy Metropolitan Member — Vacant
- Deputy Country Urban Member — Cr Deborah Botica, City of Kalgoorlie-Boulder
- Deputy Country Rural Member — Cr Moira Girando, President, Shire of Coorow

Analysis of the Options

The options have varying levels of cost, effort and risk attached to them.

Changes to the APM would affect the funding allocation between Local Governments in ways that are difficult to predict, due to the complexity of the model. The total available funding is fixed, so an increase in one Local Government's funding would necessarily reduce the level of funding available to others, unless additional funding can be secured.

There are also risks associated with no change being made to the APM. The model's complexity and incomplete documentation and labelling creates a risk of corporate memory loss. There is also a reputational risk associated with large sums of money being allocated based on a model that is not well understood by the Local Government sector.

Comparatively simple and lower-cost changes can be made to the APM, under Options 1, 2 and 3. These options would address some of the concerns raised here, but do not address the underlying problems noted above.

Next Steps

Resolutions made by the Zones will guide the development of an agenda item for the next meeting of State Council, to provide WALGA with direction on the sector's preference for its advocacy position regarding the Road Asset Preservation Model.

	Option 1	Option 2	Option 3	Option 4	Option 5
	Reformat and label	Review model cost parameters	Review cost regions/min. standards	Full model review and rebuild	Status quo
Advantages	Improves operation of existing model. Helps retain corporate memory. Improves transparency. Low risk and cost, in the short term.	Improves link between funding allocation and road maintenance costs.	Addresses concerns about inappropriate groupings of Local Governments.	Opportunity to review the model objectives. Improvement in transparency. Opportunity to incorporate contemporary modelling and user functionality.	Avoids conflict between Local Governments over funds distribution. Lowest short-term risk. No direct cost.
Disadvantages	Does not address: <ul style="list-style-type: none"> questionable parameter values. complexity and transparency. 	May require some additional resourcing. Does not address complexity and transparency. Possible reduction in funding for some LGs.	May require some additional resourcing. Does not address complexity and transparency. Likely reduction in funding for some LGs.	If no material impact on funds distribution, the rationale for the exercise may be questionable. Would require additional resourcing.	Does not address: <ul style="list-style-type: none"> questionable parameter values. complexity and transparency corporate memory issues.
Risks / Dependencies	Reputational risk, due to funds distribution not being fully explainable.	Reputational risk, due to funds distribution not being fully explainable.	Reputational risk, due to funds distribution not being fully explainable. Continued risk of corporate memory loss.	Difficult to predict the distribution of funds. A review may trigger disagreement between Local Governments over the distribution of funds. 8.3 Review of WALGA State Council Agenda – Matters for Decision

Background

WALGA State Council meets five times each year and as part of the consultation process with Member Councils circulates the State Council Agenda for input through the Zone structure.

The full State Council Agenda can be found via link: [State Council Agenda - February 2021](#)

The Zone is able to provide comment or submit an alternative recommendation that is then presented to the State Council for consideration.

Matters for Decision

5.1 External Oversight and Intervention – Authorised Inquiries and Show Cause Notices

That WALGA:

1. Continues to advocate for the State Government to ensure that there is proper resourcing of the Department of Local Government, Sport and Cultural Industries to conduct timely inquiries and interventions when instigated under the provisions of the Local Government Act 1995; and
2. Requests the Minister for Local Government to:
 - a. Engage with affected Local Governments in order to attempt to resolve identified issues, improve performance and achieve good governance before considering an intervention under Part 8 of the Local Government Act 1995;
 - b. Provide written reasons prior to issuing any Show Cause Notices;
 - c. Require regular progress reports to be provided to any Local Government that is the subject of any Authorised Inquiry; and
 - d. Require that any Authorised Inquiry be conducted within a specified timeframe that may be extended with the approval of the Minister.

5.2 Cost of Revaluations

That WALGA advocate to the State Government for the equal distribution of valuation costs for properties where the Water Corporation, the Department of Fire and Emergency Services and the Local Government require the valuation.

5.3 Eligibility of Slip On Fire Fighting Units for Local Government Grants Scheme Funding

That WALGA:

1. Supports the inclusion of capital costs of Slip On Fire Fighting Units including for Farmer Response Brigades (for use on private motor vehicles) on the Eligible List of the Local Governments Grants Scheme (LGGS).
2. Requests the Local Government Grants Scheme Working Group to include this matter on the Agenda of their next Meeting (expected March 2021).
3. Requests WALGA to work with the Local Government Grants Scheme Working Group to develop appropriate operational guidelines and procedures for the safe use of Slip On Fire Fighting Units funded in accordance with the LGGS.
4. Supports the update of the WALGA membership of the Local Government Grants Scheme Working Group to include one Local Government Elected Member and one Local Government Officer, with these appointments determined through the WALGA Selection Committee process.

RESOLUTION
