Background

The Draft 2022-23 Budget (Attachment 14.1A) has been compiled based on the objectives contained in the Strategic Community Plan and Council's priorities. Capital budget supporting documentation has been included as Attachment 14.1B.

The proposed fees and charges (Attachment 14.1C) were approved by Council in the Ordinary meeting on 24 May 2022 and advertised for public comment, closing on 1 July 2022. There were verbal comments received from one member of the public regarding the increase in waste charges at the landfill, which have been considered.

The proposed differential general and minimum rates (Attachment 14.1D) were approved by Council in the Ordinary meeting on 24 May 2022 and advertised for public comment, closing on 1 August 2022. There were no public comments received.

Council attendance fees were endorsed by Council in the Ordinary meeting on 24 May 2022 (CM Ref: 82912 & 82913) and included in the Draft 2022-23 budget provisions.

Comment

A briefing session was conducted with Council on 2 August 2022, to go through the budget in detail and address any concerns. Council was also briefed on changes within 2022-23 Budget from previous years.

The main features of the draft 2022-23 Budget include:

1. The budget has been prepared with a 4% increase in the rates revenue. This increase applies across all differential rate categories utilising the Gross Rental Valuation (GRV) and the Unimproved Valuation (UV) provided by Landgate. It should be noted that in some cases rates in the dollar charges are lower than previous years due to increases in property values.
2. Fees and Charges have been reviewed and generally increased, with the exception of the Swimming Pool charges at the request of Council. Several other charges set under Local Laws and where statutory regulations apply, were only changed where this met the requirements.

Fees and Charges were advertised for public comment on 16 June 2022, closing on 1 July 2022. Only one verbal comment was received regarding the Construction & Demolition Waste (unsorted).

Construction & Demolition Waste (unsorted) charges and associated minimum charges were increased to promote the sorting of waste, increasing recycling and reduce the amount of waste going into landfill. Following verbal feedback from a member of the community the charge was reduced back to \$64.00 per cubic metre with a minimum charge of \$40.00. This change was made to account for local skip bin companies and other businesses which are not always able to sort the waste they are collecting. Local skip bin companies only have a limited number of skip bins and are often unable to provide multiple skip bins for different waste streams to their customers, so the additional charges would have had a significant impact on their businesses.

Throughout the budget process, the administration also identified other fees and charges that required updating or adding in. All changes that occurred after public advertisement have been highlighted in yellow in Attachment 14.1C.

3. Household and Commercial Waste charges have a seen an increase, to offset an increase in contractor charges for these services.
4. A capital works budget totalling \$11.39m for investment in infrastructure, land and buildings, plant and equipment. This includes expenditure on road infrastructure is totalling \$5.18m; and a total of \$5.58m towards the CBD and Apex Park Upgrade projects (\$3.64m is to be funded from grants).

The estimated brought forward balance is \$2,254,300. However, this is unaudited and may change once the annual 2021-22 accounts are finalised. The major influences on the brought-forward balance are the receipt of an advance payment of \$1.27m of the 2022-23 Financial Assistance Grants allocation received in June 2022; and carry forward grant funds towards capital projects.

Policy Implications

The draft 2022-23 Budget is based on the objectives contained in the Strategic Community Plan and Policy 3.18 Financial Reserves.

Statutory Implications

Section 6.2 of the Local Government Act 1995 requires that no later than 31 August in each financial year the local government is to prepare and adopt a budget for its municipal fund for the financial year ending on the next following 30 June.

Division 5 and 6 of Part 6 of the Local Government Act 1995 refers to the setting of budgets and raising of rates and charges. The *Local Government (Financial Management) Regulations 1996* details the form and content of the budget. The draft 2022-23 Budget as presented is considered to meet the statutory requirements.

Risk Implications

If Council do not accept this budget, it risks not meeting it’s requirements under *Section 6.2* of the *Local Government Act 1995* to have an adopted budget for its municipal fund by 31 August. Additionally this will impact the administration’s ability to deliver projects and other works in a timely manner.

Financial Implications

Specific financial implications are as outlined in the ‘Comment’ section of this report and as itemised in the draft 2022-23 Budget, compiled as Attachment 14.2A.
