Executive Decision

Legislative Requirement

The purpose of this report is to provide the Audit Committee with an update on the Shire of Merredin's (the Shire) progress toward the actions highlighted during the Chief Executive Officer's (CEO) review of Risk Management, Internal Controls and Legislative Compliance, which was presented to the Audit Committee and to Council in December 2022. The review document also provides updates on progress toward findings from the 2020/21 and 2021/22 Audits.

This will be the final time this document is presented to Council as it will be replaced by a new document that will include action items from the Shire's Financial Management Review (FMR) and 2022/23 Financial Audit.

Background

Regulation 17 of the *Local Government (Audit) Regulations 1996* requires the CEO to review the appropriateness and effectiveness of the local government systems and procedures in relation to risk management, internal control and legislation compliance.

The review may relate to any or all of the matters referred to the sub-regulation (1) (a), (b) and (c), but each of those matters is to be the subject of a review at least once every three (3) financial years.

The CEO is to report to the Audit Committee the results of that review and then provide updates on the progress toward identified actions on a regular basis. The Shire has provided quarterly updates to the Audit Committee and Council since the document was created.

Comment

Attachment 6.1A outlines the steps taken towards completing the actions identified during the Reg 17 and Risk reviews. Further items have been completed since the last review was presented to the Audit Committee in October 2023.

The progress toward the Risk Dashboard items has seen further growth, with a number of items progressing. There is still a number of actions to be commenced which involve long term changes requiring longer periods of time before they are expected to be completed.
