More Homes for the Wheatbelt!

CEACA is currently progressing its Wheatbelt Expansion Project, which will deliver 54 new modular homes across 17 sites in the local government areas of Bruce Rock, Dowerin, Kellerberrin, Mt Marshall, Mukinbudin, Narembreen, Quairading, Westonia, Wyalkatchem and Yilgarn. This significant project is a collaboration between Federal, State and Local government and will increase the availability of quality housing, helping to strengthen communities across the Wheatbelt. Construction is expected to be completed over the next 20 months, with updates provided as new homes are delivered.

Please note that applications or expressions of interest are not being accepted at this stage. Information regarding eligibility, availability, and application processes will be released closer to the completion of each development.
